

Residential Facility Monitoring Informal Work Group

Region XIII Education Service Center

5701 Springdale Road

Austin, Texas 78723

April 29-30, 2015

Agenda

Purpose

- Review information related to the RF monitoring system
- Ensure that the agency meets its ongoing obligation to have a monitoring system that addresses the unique circumstances of students with disabilities residing in residential facilities
- Advise the agency on revisions for improvements to the RF monitoring system

Results

- Participants will gain an understanding of the purpose, history and litigation of the RF monitoring system.
- Participants will provide recommendations on revisions to the RF monitoring system.

Roles and Responsibilities

Stakeholder Members

- Serve as a stakeholder member of the group
- Represent an identified perspective to the group
- Participate in discussion and provide feedback related to review of information, effectiveness of proposed activities and recommendations for the future
- Follow meeting guidelines

Texas Education Agency

- Serve as resource to the stakeholders
- Follow meeting guidelines
- Facilitate the process
