

The State Board of Education (SBOE) proposes an amendment to §127.482, concerning Texas Essential Knowledge and Skills for career development and career and technical education. The proposed amendment would make technical adjustments to prerequisites to align with the recently revised career and technical education (CTE) programs of study.

BACKGROUND INFORMATION AND JUSTIFICATION: The federal *Strengthening Career and Technical Education for the 21st Century Act*, commonly referred to as Perkins V, requires states that receive federal CTE funds to align CTE programs of study to high-wage, in-demand, and high-skill occupations. In fall 2023, the Texas Education Agency (TEA) engaged members of the workforce, secondary education, and higher education to advise on the development and refresh of programs of study, which include coherent course sequences, industry-based certifications, and work-based learning opportunities to ensure students are prepared for high-wage, in-demand, and high-skill careers in Texas.

The proposed amendment would align language related to prerequisites to ensure alignment with the refreshed programs of study.

The SBOE approved the proposed amendment for first reading and filing authorization at its June 28, 2024 meeting.

FISCAL IMPACT: Monica Martinez, associate commissioner for standards and programs, has determined that there are no additional costs to state or local government, including school districts and open-enrollment charter schools, required to comply with the proposal.

LOCAL EMPLOYMENT IMPACT: The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis specified in Texas Government Code, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.

TAKINGS IMPACT ASSESSMENT: The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.

GOVERNMENT GROWTH IMPACT: TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would expand and limit existing regulations by adjusting the options for prerequisites and corequisites for some courses.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: Ms. Martinez has determined that for each year of the first five years the proposal is in effect, the public benefit anticipated as a result of enforcing the proposal would be to better align language related to prerequisites with the refreshed CTE programs of study and eliminate confusion. There is no anticipated economic cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: The proposal would have no data or reporting impact.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: The public comment period on the proposal begins August 2, 2024, and ends at 5:00 p.m. on September 3, 2024. The SBOE will take registered oral and written comments on the proposal at the appropriate committee meeting in September 2024 in accordance with the SBOE board operating policies and procedures. A request for a public hearing on the proposal submitted under the Administrative Procedure Act must be received by the commissioner of education not more than 14 calendar days after notice of the proposal has been published in the *Texas Register* on August 2, 2024.

STATUTORY AUTHORITY. The amendment is proposed under Texas Education Code (TEC), §7.102(c)(4), which requires the State Board of Education (SBOE) to establish curriculum and graduation requirements; TEC, §28.002(a), which identifies the subjects of the required curriculum; and TEC, §28.002(c), requires the SBOE to identify by rule the essential knowledge and skills of each subject in the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials and addressed on the state assessment instruments.

CROSS REFERENCE TO STATUTE. The amendment implements Texas Education Code, §7.102(c)(4) and §28.002(a) and (c).

<rule>

§127.482. Food Science (One Credit), Adopted 2021.

- (a) (No change.)
- (b) General requirements. This course is recommended for students in Grades 11 and 12. Prerequisites: one credit in biology, one credit in chemistry, and at least one credit in a Level 2 or higher course from the hospitality and tourism or agriculture, food, and natural resources career clusters [~~cluster~~]. Recommended prerequisite: Principles of Hospitality and Tourism. This course satisfies a high school science graduation requirement. Students shall be awarded one credit for successful completion of this course.
- (c)-(d) (No change.)
