

Item 14:**Discussion of Proposed Repeal of 19 TAC Chapter 228,
Requirements for Educator Preparation Programs, and New
19 TAC Chapter 228, Requirements for Educator Preparation
Programs****DISCUSSION ONLY**

SUMMARY: This item provides the State Board for Educator Certification (SBEC) an opportunity to discuss the proposed repeal of 19 Texas Administrative Code (TAC) Chapter 228, Requirements for Educator Preparation Programs, and new 19 TAC Chapter 228, Requirements for Educator Preparation Programs. The proposed repeal of and new 19 TAC Chapter 228 would reorganize the chapter to allow for improved readability; would implement legislation; would include technical updates to remove outdated provisions; would incorporate foundational components of the Effective Preparation Framework and provisions specific to the Residency Certificate; would reflect stakeholder feedback and ongoing edits compiled by TEA staff to further strengthen the rules.

STATUTORY AUTHORITY: The statutory authority for 19 TAC Chapter 228 is the Texas Education Code (TEC), §§21.031; 21.041(b)(1) and (2); 21.044; 21.0441; 21.0442(c); 21.0443; 21.045(a); 21.0452, 21.0453; 21.0454; 21.0455; 21.046(b)-(c); 21.048(a); 21.0485; 21.0487(c); 21.0489(c); §21.04891; 21.049(a); 21.0491; 21.050(a)-(c); and 21.051; and the Texas Occupations Code (TOC), §55.007.

TEC, §21.003(a), states that a person may not be employed as a teacher, teacher intern or teacher trainee, librarian, educational aide, administrator, educational diagnostician, or school counselor by a school district unless the person holds an appropriate certificate or permit issued as provided by the TEC, Chapter 21, Subchapter B.

TEC, §21.041(b)(1), requires the SBEC to propose rules that provide for the regulation of educators and the general administration of the TEC, Chapter 21, Subchapter B, in a manner consistent with the TEC, Chapter 21, Subchapter B.

TEC, §21.041(b)(2)-(4), require the SBEC to propose rules that specify the classes of educator certificates to be issued, including emergency certificates; the period for which each class of educator certificate is valid; and the requirements for the issuance and renewal of an educator certificate.

TEC, §21.044, authorizes the SBEC to propose rules specifying what each educator is expected to know and be able to do, particularly with regard to students with disabilities, establishing the training requirements a person must accomplish to obtain a certificate, or enter an internship, and specifying the minimum academic qualifications required for a certificate. It also sets requirements for training, coursework and qualifications that the SBEC is required to include.

TEC, §21.0441, requires the SBEC to set admission requirements for candidates entering educator preparation programs, and specifies certain requirements that must be included in the rules.

TEC, §21.0442(c), requires the SBEC to create an abbreviated educator preparation program for a person seeking certification in trade and industrial workforce training with a minimum of 80 hours of classroom instruction in certain specified topics.

TEC, §21.0443, requires the SBEC to set standards for approval and renewal of approval for educator preparation programs, sets certain requirements for approval and renewal, and requires that the SBEC review each program at least every five years.

TEC §21.045(a), requires the SBEC to create an accountability system for educator preparation programs based on the results of certification examinations, teacher appraisals, student achievement, compliance with the requirements for candidate support, and the results of a teacher satisfaction survey.

TEC, §21.0452, requires the SBEC to make information about educator preparation programs available to the public through its internet website, and gives the SBEC authority to require any person to give information to the Board for this purpose.

TEC, §21.0453, sets requirements for information that educator preparation programs must provide candidate, and gives the SBEC rulemaking authority to implement the provision and ensure that EPPs give candidates accurate information.

TEC, §21.0454, gives the SBEC rulemaking authority to set risk factors to determine the Board's priorities in conducting monitoring, inspections, and compliance audits and sets out certain factors that must be included among the factors.

TEC, §21.0455, gives the SBEC rulemaking authority to establish a process for a candidate for teacher certification to direct a complaint against an educator preparation program to the agency, requires that educator preparation programs notify candidates of the complaints process, states that the SBEC must post the complaint process on its website, and states that the SBEC has no authority to resolve disputes over contractual or commercial issues between programs and candidates.

TEC, §21.046(b), requires the SBEC to allow outstanding teachers to substitute approved experience and professional training for part of the educational requirements in lieu of classroom hours.

TEC, §21.046(c), requires the SBEC to ensure that principal candidates are of the highest caliber and that there is a multi-level screening process, along with assessment programs, and flexible internships to determine whether a candidate has the necessary skills for success.

TEC, §21.048(a), requires the SBEC to prescribe comprehensive certification examinations for each class of certificate issued by the Board.

TEC, §21.04891, sets out the requirements for the Bilingual Special Education Certification.

TEC, §21.049, requires the SBEC to create an Early Childhood certification and sets out certain requirements coursework, training and certification requirements for the certificate.

TEC, §21.050(a), requires an applicant for teacher certification to have a bachelor's degree in a relevant field, requires the SBEC to include hours of field-based experience in the hours of coursework required for certification.

TEC, §21.050(b), allows the Board to require additional credit hours for certification in bilingual education, English as a second language, early childhood education, or special education.

TEC, §21.050(c), exempts people who receive a bachelor's degree while receiving an exemption from tuition and fees under TEC, §54.363 from having to participate in field-based experiences or internships as a requirement for educator certification.

TEC, §21.051, requires that candidates complete at least 15 hours of field-based experiences in which the candidate is actively engaged in instructional or educational activities under supervision involving a diverse student population at a public-school campus or an approved private school, allows 15 hours of experience as a long-term substitute to count as field-based experience, and gives the SBEC rulemaking authority related to field-based experiences.

TOC, §55.007, requires all state agencies that issue licenses or certifications to credit military experience toward the requirements for the license or certification.

FUTURE ACTION EXPECTED: Texas Education Agency (TEA) staff anticipates presenting proposed changes to 19 TAC Chapter 228 for further discussion and action at the December 2023 SBEC meeting.

BACKGROUND INFORMATION AND JUSTIFICATION: The SBEC rules in 19 TAC Chapter 228, Requirements for Educator Preparation Programs, establish the requirements for educator preparation programs (EPPs) in the preparation of candidates for Texas educator certification.

The rules in 19 TAC Chapter 228 have long been a source of frustration for EPPs, educator candidates, and TEA staff alike because the chapter has been lacking in organization, includes no subchapters, and has some sections that have become very long and difficult to navigate. The proposed repeal and replacement of 19 TAC Chapter 228 is primarily intended to address these concerns by creating sections and subchapters, adding figures, and streamlining redundancy to make the rules clearer and more user-friendly.

The initial unveiling of these rules in previous discussions sparked concerns from the field that there were significant changes to the entire chapter, and that it was difficult to distinguish the original rule text from new or updated text for consideration. TEA staff acknowledged those concerns and have continued to provide a version of the rule text that highlights all changes from the current Chapter 228 rule text increasing readability and simplifying identification of new rule text or additional clarification proposed to ensure consistency in the compliance with and enforceability of SBEC rules supporting educator preparation.

Rationale for the Chapter 228 Comprehensive Item

The EPF foundational component and the Residency Certificate draft rule text presented to the SBEC has been combined with the draft Chapter 228 repeal and new rule text and was presented to the Board for the first time as a comprehensive item at the July 2023 SBEC meeting. This set of rules being proposed by TEA staff, which has been refined since the July 2023 meeting based on stakeholder input, would improve educator preparation in Texas and ensure sustainability of strong best practices that yield demonstrable results for years to come.

Given the breadth and depth of this opportunity to merge Chapter 228, foundational components of the EPF, and the Residency Certificate, TEA staff thought it might be helpful to stakeholders to incorporate a color-coding system in this item to better navigate the proposed rule changes. For quick reference on what has changed since the July 2023 SBEC meeting, TEA staff has incorporated pink highlighting throughout the item. All other proposed changes discussed at the July 2023 SBEC meeting have remained the same and align with the previous color-coding utilized by TEA staff.

Color	Related Change
Yellow	Initial changes/additions to Chapter 228 (presented in April 2023 Chapter 228 Repeal and New Discussion Item along with additional clarifying edits)
Blue	Initial changes/additions to Chapter 228 informed by foundational components of the EPF (presented in April 2023 EPF Discussion Item along with additional clarifying edits)
Gray	Initial changes/additions to Chapter 228 to implement the new proposed Residency preparation route and certificate (presented in April 2023 Residency Discussion Item along with additional clarifying edits)
Green	Changes/additions to the initial draft Chapter 228 rule changes based on SBEC member and stakeholder feedback
Pink	Changes/additions to Chapter 228 since the SBEC July 2023 meeting based on ongoing stakeholder feedback and TEA internal review

The following table on pages 4-6 of the item provides an overview of the proposed new subchapters for Chapter 228 and their alignment with the existing Chapter 228 rule text. TEA staff have renumbered some sections of the rule text and that information has been highlighted pink in the table below for quick reference and to align with information highlighted throughout the agenda item and supporting rule text in Attachment I.

Chapter 228 Redesign

The SBEC has continued to express to TEA staff the criticality of communication and collaboration with our EPP partners in the completion of work related to the redesign of Chapter 228 rules. As previously shared by TEA staff, a majority of the repeal and replace activity around the rules for educator preparation are being completed to better organize the rules by subchapters in order to facilitate access to information.

The types of proposed changes highlighted in early conversations around the Chapter 228 redesign included reorganization of the chapter to facilitate user access; implementation of legislation from the 87th session; the addition of new definitions and figures; corrections or clarifications of existing rules such as those needed to resolve issues with opening and closing EPPs; and the incorporation of additional, needed rulemaking.

The reorganization of educator preparation rules has established a solid foundation that has allowed for more focused conversations with stakeholders related to opportunities to consider additional updates to rules in alignment with foundational content within the SBEC's Effective Preparation Framework (EPF) and the implementation of a teacher residency preparation route and certificate.

Effective Preparation Framework Foundational Content

In alignment with the proposed next steps for the operationalization of the EPF, the Educator Preparation Stakeholder Group (EPSG) EPF working group identified foundational components of the EPF for integration into current Chapter 228 rules. The purpose of the integration is to provide clarification and/or specificity within Chapter 228 related to foundational practices reinforced in the EPF.

At the April 2023 SBEC meeting, TEA staff shared initial areas for proposed integration of four essential actions and key practices from the framework into the updated Chapter 228. Since the April 2023 meeting, TEA staff have solicited additional input from the EPSG and EPSG EPF working group and the updated rule text in Attachment I is reflective of their feedback.

Residency Preparation Route and Certificate

At the July 2023 SBEC meeting, in response to SBEC guidance and stakeholder feedback, TEA staff shared updates to the draft residency components and presented supporting rule text. In addition to the discussion at the meeting, staff engaged the SBEC in a work session on July 20, 2023, to dialogue with residency programs and their district partners regarding teacher residency model quality components.

Since the July 2023 SBEC meeting, TEA staff held two separate stakeholder engagement groups to discuss focus on key areas from the SBEC discussion and relevant stakeholder questions presented in testimony. Additionally, staff gathered early feedback regarding residency route approval rubric criteria for several key areas. Forum feedback from LEAs and EPPs provided guidance regarding residency requirements for minimum clinical experience hours under special circumstances such as FMLA, the definition of the clinical residency year, and the minimum weekly residency clinical hours requirement. Both LEAs and EPPs also reviewed early draft criteria for the approval rubric including performance gate quality components, informal observations, and field supervisor training to conduct performance dates and final candidate evaluation.

The following is a description of proposed changes for new Chapter 228.

Subchapter A. General Guidance

§228.1

Proposed new §228.1, General Provisions, consists of the first two paragraphs of current §228.1. They are unchanged from the current wording.

§228.2

Proposed new §228.2, Definitions, includes text that is currently in §228.2 with the addition of definitions for “analysis”, “assignment start date”, “authentic school setting”, “clinical experience”, “completer”, “co-teaching”, “enactments”, “host teacher”, “performance tasks”, “representations”, and “residency”, restored the definitions of “candidate coach” and “intensive pre-service” to align with the return of the Intensive Pre-Service option in §228.39, and revised definitions for “classroom teacher”, “clinical teaching”, “campus supervisor”, “cooperating teacher”, “educator preparation program”, “entity”, “field-based experiences”, “field supervisor”, “late hire”, “mentor”, “school day”, “school year”, and “site supervisor.”

The proposed addition of a definition for “assignment start date” will more clearly define the point at which the teacher candidate’s internship experience starts for the purposes of field supervision and ongoing support of candidates as required during the internship. The proposed definition of “clinical experience” provides a common term in which to categorize the supervised clinical requirement for each certificate class including clinical teaching, internship, practicum, and residency.

The proposed addition of a definition for “authentic school setting” will clarify that a candidate cannot count professional development, extracurricular activities, workdays when students are not present, or before or after-school childcare or tutoring as field-based experiences, 30 hours

of which are required as pre-requisites for an intern certificate. The new proposed definition for “completer” matches the same definition in 19 TAC §229.2(10), Definitions, to create consistency between chapters of SBEC rules.

The proposed amended definitions of “cooperating teacher”, “mentor”, and “site supervisor” are streamlined to remove the qualifications and duties of these positions that previously appeared in the definitions. The qualifications and duties would move to proposed new §228.83, Cooperating Teacher Qualifications and Responsibilities, §228.87, Mentor Qualifications and Responsibilities, and §228.89, Site Supervisor Qualifications and Responsibilities, respectively. These proposed new sections would increase clarity and ease of reference so that the public would no longer have to go to the definitions to find this critical information.

The proposed amended definition of “entity” is updated for clarification to replace the redundant word “entity” in the definition with a more specific list of the types of entities that act as educator preparation programs. The proposed amended definition of “educator preparation program” more clearly defines the role of the entity approved by the SBEC. The proposed definition of “field-based experiences” is updated to employ the proposed new defined term “authentic school setting” to add that the experiences include both observation and interaction and are an element of coursework for clarity and consistency. The proposed amended definition of “field supervisor” moves a clause closer to the noun it modifies to improve readability and clarity. The proposed definition of “school day” clarifies that conference periods, duty-free lunch periods, professional development, and extracurricular activities do not count as part of the school day for purposes of determining the length of a clinical teaching or internship experience.

The proposed amended definition of “late hire” clarifies that after the 45th day before the first day of instruction, an individual must be both accepted into an EPP and hired for a teaching position at a school district. If a candidate is either accepted into an EPP or hired by a district prior to the 45th day before the first day of instruction, the candidate is not a “late hire.”

TEA staff also proposes the addition of definitions for the following five terms from the Effective Preparation Framework: “Analysis,” “Co-teaching,” “Enactments,” “Performance task,” and “Representations.” The proposed new additions to §228.2 rules would offer clarity to EPPs and candidates around intended meaning of the terms, how and when they are applied in preparation and practice, and relevance to improving quality practices in approved programs. The additional definition provides a common language in the effective preparation of candidates for certification.

The proposed amended definitions of “school day” and “school year” provide flexibility by aligning them with the school calendars of the campuses on which the candidates are completing the clinical experiences.

To implement the Residency certificate, the proposed new language in §228.2, Definitions amends the definition of “campus supervisor” to include residency candidates along with intern candidates, and new definitions of “host teacher”, “residency”, and “co-teaching” to clarify and standardize the meaning of those terms across the chapter.

§228.4

Proposed new §228.4, Declared State of Disaster, is language that currently exists in §228.1(d) separated into its own section for clarity and ease of reference.

§228.6

Proposed new §228.6, Implementation Date, is the same as current §228.60, renumbered and added to proposed new Subchapter A, General Guidance, for clarity and ease of reference.

Subchapter B. Approval of Educator Preparation Programs**§228.11**

Proposed new §228.11, New Entity Approval, includes language that currently appears in §228.10(a), Approval Process and identifies the requirements that must be met by an applicant seeking approval from the SBEC as an approved educator preparation program. The rule authorizes TEA to develop the application and identifies the approval components to be included in the application. TEA staff are able to revise new EPP applications to reflect new requirements in TAC or TEC as needed throughout the year. Proposed new §228.11(a) also includes new language codifying the Board's established practice of requesting that entities seeking SBEC approval as educator preparation programs take part in a workshop conducted by TEA staff to familiarize the entities with the requirements of the SBEC rules and defining an application deadline to ensure applicants are preparing application materials aligned with current requirements in TAC and TEC.

Proposed new §228.11(a)(2) creates a new limitation that entities seeking initial approval cannot apply to offer more than five certificate categories within one certificate class. This limitation would encourage proposed programs to focus on high quality preparation and would allow TEA staff time to review application materials within a reasonable timeline. Proposed new §228.11(a)(3) clarifies the requirement that an applicant for approval as an EPP must demonstrate the proposed EPP has the staff knowledge and expertise to support individuals in each certificate category and class requested which mirrors the same requirement for currently approved EPPs who seek to add new certificate categories and classes to their inventory in §228.10(d)(1) and carried through into the proposed §228.15(c)(1) and (2).

Proposed new §228.11(d) would change the timing of the post-approval site visit by TEA staff to the new EPP's location to occur after the first year in which the new EPP reports that it has completers. This would delay the post-approval site visit from the timing currently set in rule, which requires a site visit within the EPP's first year of operation, to give the EPP time to fully implement its operation and procedures.

Proposed new §228.11(f) would require an entity seeking approval as an EPP to have at least one location in Texas which would provide candidate's a face-to-face setting for interacting with EPP staff if necessary and would ensure the EPP is invested in the continuous improvement of Texas education and in the economy of the state of Texas.

§228.13

Proposed new §228.13, Continuing Entity Approval, includes language that currently appears in §228.10(b), Approval Process. The proposed new rule would add additional language in

proposed new §228.13(b) to clarify the difference between the types of continuing approval reviews that TEA staff can conduct—an onsite visit involves TEA staff going to the EPP’s location, while a desk review is conducted remotely.

Proposed revisions to §228.13(c) clarify the components of the risk assessment with regards to alignment with requirements in TEC §21.0454.

Proposed new §228.13(d) would require a continuing approval review when an EPP consolidates with another EPP. This would allow TEA staff to identify whether the surviving EPP is adequately supporting the candidates and certificate categories that it received from the consolidating program and to assist the EPP, if necessary, with coming into compliance in those areas.

The proposed new rule would also add a new provision in §228.13(e), which would require entities undergoing a continuing approval review to pay the required related fees prior to the start of the review. This new payment timing would prevent programs from attempting to evade or indefinitely delay paying the fee.

The proposed rule would eliminate the Figure that exists in current §228.10(b) in favor of a new Figure that consists of the rubric TEA staff uses to conduct the continuing approval reviews. Proposed new Figure §228.13(f)(1) lists each rule provision with which EPPs must comply and sets out the required evidence of compliance that EPPs must create, maintain, and present to TEA staff during the continuing approval review. These are the same evidentiary requirements that appear in the current Figure but proposed new Figure §228.13(f)(1) would provide EPPs with additional insight into TEA staff’s procedures by showing the format and components of the rubric that TEA staff uses to evaluate programs during continuing approval reviews.

Proposed new §228.13(f) incorporates for clarity and ease of reference the requirement that currently exists in §228.40(f), Assessment and Evaluation of Candidates for Certification and Program Improvement, that an EPP retain documents demonstrating a candidate’s eligibility for admission and completion of program requirements for five years from the date the candidate completes or leaves the program. This requirement is also proposed to appear in proposed §228.31, Minimum Educator Preparation Program Obligations to All Candidates, which is the recodification of current §228.40(f). The proposed addition to §228.13(f) provides a performance target for determining compliance during a 5-year continuing approval review and sets the target that 80% of records reviewed must meet or exceed the related requirement in TAC or TEC for the EPP to be compliant with that requirement.

The addition of §228.13(g) allows EPPs participating in a Continuing Approval Review pilot to use that pilot to meet the requirements of the five-year continuing approval review.

§228.15

Proposed new §228.15, Additional Approval, includes language that currently appears in §§228.10(c), (d), and (e) Approval Process. To clarify the requirements for approved EPPs to apply for new certification classes or categories, the revised proposed rule removes the new Figures in §§228.15(b)(1) and (2) that are the applications that EPPs must complete when seeking to offer a new certificate class or category and adds clarifying language about the parameters that must be used by TEA staff to develop the applications. Removing the applications as Figures allows TEA staff to update them as needed throughout the year to

implement new requirements in TAC or TEC. The proposed revision to the language in §228.15(c)(4) provides clarity to the current rule in §228.10(d)(3) that an EPP must have an accreditation status of “Accredited” to add new certificate categories and classes.

Proposed new §228.15, Additional Approval, would create a new subsection (b) to set out the requirements for an EPP seeking approval from the SBEC to offer the alternative residency route to certification. It would require the EPP to complete an application outlining its compliance with the residency requirements established within §228 and §230 which would be reviewed by TEA and approved by the SBEC and complete a post-approval site visit demonstrating compliance with relevant rules once the program produces residency completers. The proposed new §228.15(b)(1) references a Figure that would be used in the evaluation of EPP residency applications, which TEA staff plan to present to the SBEC in the September 2023 agenda.

Revisions to §228.15(c)(1) and (c)(3) were made to align with wording in §228.15(c)(2).

§228.17

Proposed new §228.17, Limitations on Educator Preparation Program Amendments, is language that currently appears in §§228.20(e) and (f), Governance of Educator Preparation Programs, setting out the process through which an EPP can amend its program.

§228.19

Proposed new §228.19, Contingency of Approval, is language that currently appears in §228.10(f), Approval Process.

Subchapter C. Administration and Governance of Educator Preparation Programs [Changes to Educator Preparation Program Entity]

TEA staff has updated the subchapter title to more accurately reflect that the proposed rules focus on both the administration and governance of educator preparation programs.

§228.21

Proposed new §228.21, Program Consolidation or Closure, includes language that is currently in §228.15, Program Consolidation or Closure. The proposed new text clarifies that the closure rules apply regardless of whether the program is closing fully or only eliminating certificate classes, and regardless of whether it is closing voluntarily or due to SBEC action.

Proposed new §228.21(a)(1) replaces August 31 as effective date for program closure with a more flexible requirement that the program specify an effective date at least 90 days and no more than 270 days after the date of the letter. This would allow programs to choose a closure date that gives them enough time to fulfill all the obligations to candidates that are outlined in proposed new §228.21.

The proposed addition of §228.21(a)(2) requires the EPP legal authority to communicate with TEA on a scheduled basis so that staff from the closing program can seek guidance from TEA concerning questions and problems that arise during the close out phase of the program which

ultimately benefits candidates and past finishers so that all receive timely communication and needed action from the program prior to program closure.

The proposed new rule text in §228.21(a)(3) expands the EPP's obligation to notify candidates of its closure to include notifying candidates who have been enrolled within the last five years and completers who have finished the program within the last five years. This new proposed requirement would ensure that more candidates who may still need some form of support or paperwork from the EPP find out that the EPP is closing and learn what options they have.

Proposed new §228.21(a)(5) would require closing EPPs to identify other SBEC-approved EPPs to provide test approval and standard certification recommendations for completers at the closing EPP, and to provide candidates with all necessary documentation to expedite the candidates' transfer to another program. This would allow candidates in a closing EPP an easier transition to another EPP and an easier path to certification.

§228.23

Proposed new §228.23, Change of Ownership and Name Change, contains language that is currently in §228.17, Change of Ownership and Name Change. The proposed new language includes a new provision in §228.23(d) that makes an exception to the general rule that EPPs cannot change their names without a change in ownership to allow colleges and universities to change their names when the entire college or university changes its name. The purpose of the original prohibition on EPP name changes was to prevent EPPs from changing names frequently to confuse or mislead the public, but a name change for an entire college or university does not raise this concern.

New proposed §228.23(e) would require educator preparation programs to report to the SBEC annually any names that the EPP had used "doing business as" during the past year so that the SBEC can make that information available to the public on its website. By providing this information to consumers, the SBEC would allow the public to better understand the true identity and performance history of a program that may use different names to promote itself.

§228.25

Proposed new §228.25, Governance of Educator Preparation Programs, includes language that currently appears in §§228.20(b) and (c), Governance of Educator Preparation Programs and §228.40(e), Assessment and Evaluation of Candidates for Certification and Program Improvement. Proposed new §228.25(b) includes a more specific requirement for the membership of EPP advisory committees, requiring that the committee include at least three of the types of interest groups listed in proposed subsection (a) rather than leaving it to the EPP's discretion to find "as many as possible" as the language in §228.20 currently does.

Proposed new §228.25(d) would set out requirements for EPPs approved to offer a residency program by the SBEC to convene key personnel quarterly to review teacher residency implementation data, including candidate performance, to make shared programmatic decisions and inform the continuous improvement of the residency program.

Subchapter D. Required Educator Coursework and Training**§228.31**

Proposed new §228.31, Minimum Educator Preparation Program Obligations to All Candidates, includes language that is currently in §§228.20(g) and (h), Governance of Educator Preparation Programs, §228.40, Assessment and Evaluation of Candidates for Certification and Program Improvement, and §228.50, Professional Conduct. Clarifying language was added to new §228.31 (a) to specify by when late hires would need to complete admission, coursework, training, and field-based experience requirements. Clarifying language was added to the proposed new §228.31(b) requiring the EPP to identify in their exit policy a **dismissal point at which inactive candidates are removed from the EPP** and allows the university based EPP to adopt the university policy for inactive students that must reapply for admission to the college or university. This would incentivize EPPs to encourage candidates to complete all program requirements within five years and would make it easier to track candidates over time.

The proposed new language in §228.31(c) sets out a requirement to use benchmarks and formal and informal assessment data to design and implement appropriate interventions when needed to ensure continued, effective preparation for certification and teacher candidate support.

The proposed new language in §228.31(d) was revised to reflect the EPP must ensure candidates are adequately prepared to take all certification exams and not just the content pedagogy exams. This revision was made to add clarification that was inadvertently left off during the initial reorganization of the chapter.

The proposed new language in §228.31(e) would clarify that an EPP must grant test approval for a completer, which is already a requirement under 19 TAC §230.21(b). This requirement would remain subject to the EPP's option to require the candidate to complete additional coursework or training if the candidate has returned to the EPP five or more years after completing program requirements.

Proposed new §228.31(f) would create new limitations on when an EPP can prepare a candidate and grant test approval for a certificate category other than the one for which the candidate was initially admitted to the program. It would require that the candidate meet the requirements for admission in the new certificate category, that the EPP provide coursework and training to the candidate in the new certificate category, and that the EPP ensure that the candidate is adequately prepared for the certification examination in the new certificate category. This would prevent programs from admitting a candidate in one certificate category and then switching them to another for which the candidate is unqualified or unprepared.

Proposed new §228.31(h) adds clarifying language that the EPP must ensure candidates complete all requirements of coursework, training, and the clinical experience before being identified as a program completer and being recommended for standard certification. During the initial reorganization of the chapter, the requirement to complete coursework and training was included in §228.33(d) but there was no parallel language provided for completion of the clinical experience requirement. Additionally, the language was clarified to add that the candidate must

complete a successful clinical experience which reinforces the EPP should not recommend candidates for certification if either the field supervisor or cooperating teacher, campus supervisor, or site supervisor does not agree that the candidate was successful in the experience.

§228.33

Proposed new §228.33, Preparation Program Coursework and/or Training for All Certification Classes, includes language from current §228.35(a), Preparation Program Coursework and/or Training. Proposed new §228.33 (a) specifies that educator effectiveness must be measured in the candidate's assignment. Proposed new §228.33(b) and (c) **were combined for clarity and efficiency and** would create more specific requirements for the coursework and training EPPs provide candidates, including performance-based activities, evaluative tools, and required demonstration of proficiency by candidates. This would ensure consistently high-quality coursework and training across EPPs.

§228.35

Proposed new §228.35, Substitution of Applicable Experience and Training, is language that currently appears in §228.35(a)(5), Preparation Program Coursework and/or Training. **Proposed new §228.35(c) provides rule text specific to candidates seeking test approval for the Deafblind Early Childhood-12 certification and who might have previously completed coursework related to the field in a program approved to offer the Deafblind Supplemental Early Childhood-12 certification. The language also indicates that programs may require additional coursework for test approval.**

§228.37

Proposed new §228.37, Coursework and Training for Classroom Teacher Candidates, is language that currently appears in §228.35(b), Preparation Program Coursework and/or Training.

§228.39

Proposed new §228.39 would add rule text specific to the Intensive Pre-Service option back into the rules and update the section numbering accordingly. TEA staff are proposing the return of this language based on stakeholder feedback and conversations with the Board during the February 2023 and April 2023 SBEC Meetings.

§228.41

Proposed new §228.41, Pre-Service Coursework and Training for Classroom Teacher Candidates, is language that currently appears in §228.35(b), Preparation Program Coursework and/or Training. It includes a new provision proposed as §228.41(b)(11) to require coursework on instructional planning techniques and inclusive practices for students with disabilities, to implement House Bill 159, 87th Texas Legislature, Regular Session. To implement House Bill 1605, 88th Texas Legislature, Regular Session, new provision proposed as §228.41(b)(12)

would require coursework on the use of open education resource instructional materials approved by the State Board of Education (SBOE). A reference to “performance tasks” has also been added to reflect incorporation of the Effective Preparation Framework and its use of performance tasks that support integration of authentic performance tasks throughout the curriculum, in particular during the first 150 hours, which are required before the intern certificate. The requirement in §228.41(a) was revised in response to stakeholder feedback to increase the hours required for field-based experiences from 30 to 50.

§228.43

Proposed new §228.43, Pre-Service Field-Based Experiences for Classroom Teacher Candidates, is language that currently appears in §228.35(e)(1) and (9), Preparation Program Coursework and/or Training. Revisions were added to clarify parameters around field-based experiences and related reflections and to increase the required number of interactive hours from 15 to 25 and for technology-based hours from 15 to 25 in response to stakeholder feedback. §228.43(c)(2) was added to provide examples of activities in which candidates may engage during interactive experiences. Flexibility for completion of technology-based hours was added to allow substitute teaching hours. The section was reorganized for flow and clarity.

§228.45

Proposed new §228.45, Coursework and Training Requirements for Early Childhood: Prekindergarten-Grade 3 Certification, is language that currently appears in §228.35(i), Preparation Program Coursework and/or Training.

The references to the standards in §228.45(a) were removed for efficiency because standards are identified in another chapter.

The language was revised to correct a citation error in §228.45(c) that was a result of the chapter reorganization. The revision restores the requirement that coursework and training provided is based on concepts and themes in section (a) and not just in section (a)(1).

§228.47

Proposed new §228.47, Coursework and Training Requirements for Bilingual Special Education Certification, creates requirements for EPPs of candidates seeking certification in Bilingual Special Education, and thereby implements House Bill 2256, 87th Texas Legislature, Regular Session. References to the standards were removed because the standards are identified in another chapter. This mirrors the formatting of other sections such as requirements in §228.45 relating to Coursework and Training Requirements for Early Childhood: Prekindergarten-Grade 3 Certification.

§228.49

Proposed new §228.49, Coursework and Training Requirements for a Teacher of Students with Visual Impairments (TVI) Supplemental: Early Childhood-Grade 12, is language that currently appears in §228.35(j)(1), Preparation Program Coursework and/or Training.

§228.51

Proposed new §228.51, Coursework and Training for a Deafblind Supplemental: Early Childhood- Grade 12, provides specific rule text language related to the minimum amount of clock hours of coursework and/or training requirements for educator preparation programs offering and candidates who are seeking the Deafblind Supplemental: Early Childhood- Grade 12 certificate.

§228.53 [~~§228.51~~]

Proposed new §228.53, [~~§228.51~~] Coursework and Training for Non-Teacher Candidates, is language that currently appears in §228.35(c), Preparation Program Coursework and/or Training.¹

§228.55 [~~§228.53~~]

Proposed new §228.55, [~~§228.53~~] Late Hire Candidates, is language that currently appears in §228.35(a)(4) and (d), Preparation Program Coursework and/or Training. Proposed new §228.55(c) [~~§228.53(c)~~] clarifies that an EPP must deactivate a candidate's intern or probationary certificate if the candidate is a late hire and does not complete the required pre-internship coursework and training within 90 days of the start of the internship. This would incentivize EPPs to ensure that their candidates receive the required training timely and would prevent untrained educators from staying in Texas classrooms.

§228.57 [~~§228.55~~]

Proposed new §228.57, [~~§228.55~~] Educator Preparation Curriculum, includes language that currently appears in §228.30, Educator Preparation Curriculum. The additional language proposed in §228.57(c) [~~§228.55(c)~~] would expand on the varied and diverse types of instructional opportunities that EPPs should support candidates in experiencing. The additional language aligns with information in the Effective Preparation Framework and would reinforce the expectation that candidates are practicing, and receiving feedback on that practice, throughout the program and would reinforce the connected relationship between coursework, practice, and coaching. Proposed new §228.57(c)(8)(C) [~~§228.55(c)(8)(C)~~] implements Senate Bill 226, 87th

¹ To further clarify and cross-reference the preparation and certification requirements for non-teacher candidates, proposed amendments to 19 TAC Chapter 239, Student Services Certificates, Subchapter A, School Counselor Certificate, Subchapter B, School Librarian Certificate, Subchapter C, Educational Diagnostician Certificate, and Subchapter D, Reading Specialist Certificate, Chapter 241, Principal Certificate, and Chapter 242, Superintendent Certificate, would be needed to align with proposed changes to Chapter 228.

Texas Legislature, Regular Session by requiring EPPs to teach candidates about assessing students who are receiving virtual instruction and about how to implement virtual learning curriculum. In addition, to implement House Bill 1605, 88th Texas Legislature, Regular Session, the new provision proposed as §228.55(10) would require coursework on the use of open education resource instructional materials approved by the SBOE for the subject area and grade level of the candidate's certification category and would prohibit coursework on instructional materials that incorporated "three-cueing" into foundational skills reading instruction.

The requirement that the curriculum for candidates pursuing certification in the Principal class must address the Administrator standards in Chapter 149 was inadvertently left off the original revision and has been restored in §228.57(f). [~~§228.55(f).~~]

Subchapter E. Educator Candidate Experiences

§228.61

Proposed new §228.61, Required Clinical Experiences, [~~Required Clinical Experiences for Classroom Teacher,~~] would provide an overview of the clinical experience required for candidates prior to standard certification. Proposed new §228.61(a) would summarize the classroom clinical experience options for candidates seeking classroom educator teacher certification: clinical teaching, internship, residency or practicum. Proposed new §228.61(a) would also include a new alternative residency certification route.

Proposed new §228.61(b) is language that currently exists in §228.35(e)(4), Preparation Program Coursework and/or Training.

§228.63

Proposed new §228.63, Locations for Required Experiences, would consolidate and clarify the limitations on the location in which a candidate can have an internship, clinical teaching, or practicum experience. It would include language that is currently in §228.35(e)(5)-(7) and (9), Preparation Program Coursework and/or Training. The requirement in §228.63(a) was updated from authentic school setting to in person PK-12 setting to restore the meaning that the candidate must be in an assignment that is in-person in a physical classroom and not in a distance learning or virtual learning classroom.

The requirement in §228.63(c)(2) was updated to add site supervisor which was inadvertently left off in the original proposed rewritten rule and identifies the candidate completing a practicum cannot be related to the site supervisor.

Additionally, proposed new §228.63, Location for Required Clinical Experiences, would add "residency" as a clinical experience across subsections (a)-(g).

§228.65

Proposed new §228.65, Residency, would include requirements for the residency clinical experience including the programmatic requirements to offer a residency certificate in which the program must provide candidates with one full school year of clinical teaching, to include in the first and last day of school, in a classroom with a qualified host teacher in the classroom

teaching assignment(s) that matches the certification category sought by the candidate. It would also require that the residency include at minimum 750 hours in total with a minimum of 21 hours per week (§228.61(a)). **Candidates must complete a minimum of 700 hours in the event of life events such as bereavement, illness, or FMLA.**

New subsection §228.65(b) would require that the instructional setting include one distinct field site, with some exceptions for candidates seeking more than one certification category, EC-12 certification, and/or a significant human resources concern, with a limit of two field placements. Exceptions would require documentation from both the EPP and partner district. Additionally, it would require that a candidate is co-teaching as lead instructor for at least 400 hours of the residency program.

New subsection §228.65(c) would establish the requirements for determining a candidate's readiness for teaching, including requiring the EPP to manage candidate progress toward mastery of educator standards through administration of performance gates at least twice per semester, totaling at least four times a year. It would also require field supervisors to be responsible for assessing and evaluating candidate progression through the program.

New subsection §228.65 (d) would specify the circumstances under which a program would no longer need to provide ongoing support to a candidate.

New subsection §228.65 (e) would require the EPP, the district personnel, and the candidate to inform one another of their departure for any reasons stated in subsection (g) of this section.

New subsection §228.65 (f) would create the requirements for a candidate's eligibility for a residency certificate, including the requirements for issuance in §230.39(b), the program requirements in (a) through (c) of this section. Additionally, it would define the requirement for candidates to meet a proficient performance level for all pedagogical skill dimensions listed in subsection (f). The dimensions listed are the same as those in §150.1002 (relating to assessment of teacher performance), with the addition of the Instruction Dimension 2.3: Communication.

New subsection §228.65 (g) would define the requirements for successful completion of a residency, including proficiency in the educator standards and a shared recommendation from the host teacher, field supervisor and campus administrator. If there is no consensus on the recommendation, documentation of why the candidate is not being recommended for a certificate would be required to be submitted to the candidate and the field supervisor, host teacher and/or campus administrator.

§228.67

Proposed new §228.67, Clinical Teaching, includes language that currently exists in §228.35(e)(2)(A), Preparation Program Coursework and/or Training.

Proposed changes to the duration of clinical teaching resulting from stakeholder feedback result in a uniform requirement of 490 hours (the equivalent of 70 days). Additional edits to this section remove the references to previous duration options for clinical teaching.

In proposed new §228.67(b)(1)(B) and (2)(B), the abbreviated clinical teaching allowed for maternity leave would be expanded as “parental leave” to include fathers in the interest of shared parental responsibility.

Proposed new §228.67(d), adds language that would require EPPs to structure the clinical teaching assignment in such a manner that candidates are provided co-teaching opportunities and additional experiences to have greater responsibility for the instruction being provided over the course of the clinical teaching assignment. This directly aligns with the requirement for the residency certification pathway that explicitly includes co-teaching and a gradual release of responsibility.

To clarify the obligation of EPPs toward candidates, proposed new §228.67(e) specifies that only the certification of the candidate, or the discharge, release or withdrawal of the candidate from the EPP relieve the EPP of the duty to support the candidate during clinical teaching.

§228.69

Proposed new §228.69, Clinical Teaching While Employed as Educational Aide, incorporates language that is currently in §228.35(k)(1)(A) and (B), Preparation Program Coursework and/or Training and reflects edits that are aligned with the requirements for clinical teaching.

In proposed new §228.69(c), the abbreviated clinical teaching allowed for maternity leave would be expanded as “parental leave” to include fathers in recognition of shared parental responsibility.

§228.71

Proposed new §228.71, Exceptions to Clinical Teaching Requirement, includes language that currently exists in §228.35(e)(3), Preparation Program Coursework and/or Training. Proposed new §228.71(b) would set a time limit of September 15 for an EPP to request an exception to the clinical teaching requirement, to coincide with the existing requirement that an EPP submit a written report on the results of a clinical teaching exception by September 15. Proposed new §228.71(c)(3) would require TEA staff to present the EPP’s report to the SBEC to determine whether the exception should be renewed. This would give the SBEC an opportunity to decide whether to renew each exception each year rather than allowing the exceptions to continue indefinitely so long as the EPP submitted timely reports.

§228.73

Proposed new §228.73, Internship, incorporates language about the requirements for internships that currently exists in §228.35(e)(2)(B), Preparation Program Coursework and/or Training. Proposed new §228.73(a) requires EPPs to verify that a candidate participating in an internship holds an active intern or probationary certificate. This would incentivize EPPs to ensure that no candidate on an internship is in the classroom without a valid certificate. Proposed new §228.73(g)(5) would require EPPs to request deactivation of the certificate of a late-hire candidate that failed to meet training requirements in a timely manner to parallel the requirement in proposed new §228.53(c), Late Hire Candidates. This would motivate EPPs ensure their candidates receive the required training timely and would prevent untrained educators from staying in Texas classrooms.

In proposed new §228.73(c), the abbreviated internship allowed for maternity leave would be expanded as “parental leave” to include fathers in recognition of shared parental responsibility.

§228.75

Proposed new §228.75, Clinical Experience for Candidate Seeking Certification as Teacher of Students with Visual Impairments (TVI) Supplemental: Early Childhood-Grade 12, incorporates language that currently appears in §228.35(j)(2), Preparation Program Coursework and/or Training.

§228.77

Proposed new §228.77, Clinical Experience for Candidate Seeking Deafblind Supplemental: Early Childhood-Grade 12 Certification provides specific language related to the clinical teaching requirements for candidates seeking the Deafblind Supplemental: Early Childhood-Grade 12 Certification.

§228.79 [~~§228.77~~]

Proposed new §228.79, [~~§228.77,~~] Exemptions from Required Clinical Experiences for Classroom Teacher Candidates, is language that currently appears in §228.35(l), Preparation Program Coursework and/or Training.

Proposed new §228.79, [~~§228.77,~~] Exemptions from Required Clinical Experiences for Classroom Teacher Candidates would include residency in existing exemptions included in subsections (a) and (b).

§228.81 [~~§228.79~~]

Proposed new §228.81, [~~§228.79,~~] Clinical Experience for Certification Other Than Classroom Teacher, incorporates language that currently appears in §228.35(e)(8), Preparation Program Coursework and/or Training. To clarify the obligation of EPPs toward candidates, proposed new §228.79(f) [~~§228.75(f)~~] would specify that only the certification of the candidate, or the discharge, release, or withdrawal of the candidate from the EPP relieve the EPP of the duty to support the candidate during clinical teaching. Relocated the 160 hour practicum requirement from this section to the section §228.61 (Required Clinical Experiences) to remove redundancy. Added specificity to §228.81(d)(1) to include feedback from the candidate’s site supervisor which is responsive to stakeholder feedback and mirrors similar requirements added for clinical teaching and internships.

Subchapter F. Support for Candidates During Required Experiences

§228.91 [~~§228.81~~]

Proposed new §228.91, [~~§228.81,~~] Mentors, Cooperating Teachers, Host Teachers and Site Supervisors, updated language restores the word “collaboratively” in place of “jointly” when would setting requirements for an EPP and campus/district’s role to jointly assign a host teacher in subsection (a) and would establish the shared responsibility of the EPP and district/campus administrator to determine selection criteria and develop a shared selection process with a

scoring rubric in subsection (b). New subsection (c) would require for internships or practicums that the mentor or site supervisor be assigned within three weeks and that a candidate not remain in a placement without an assigned mentor or site supervisor for that length of time. New subsection (d) would provide provisions for host teacher selection if there is not a host teacher to match the criteria for qualification. New subsection (e) would require the EPP' to provide research-based training to the host teacher, and that an ESC or district entity may also provide that training with documentation.

Proposed new §228.91, [~~§228.81~~] Mentors, Cooperating Teachers, and Site Supervisors, contains language that currently exists in §228.35(f), Preparation Program Coursework and/or Training. Proposed new §228.81(e) adds a cross-reference to Figure §228.13(e)(1) that lists the evidence EPPs must retain and be prepared to show TEA staff during continuing approval reviews, so as to clarify what would suffice as “properly documented.”

§228.93 [~~§228.83~~]

Proposed new §228.93, [~~§228.83~~] Cooperating Teacher Qualifications and Responsibilities, would move the qualifications and responsibilities of a cooperating teacher that are currently set out in the definition of “cooperating teacher” in §228.2, Definitions, into a separate subsection for ease of reference.

The language in §228.93(a)(3) [~~§228.83(a)(3)~~] was updated from “assigned as a clinical teacher” to “assigned to the clinical teacher” to clarify the meaning and to parallel to language for the similar requirement for mentor teacher training.

§228.95 [~~§228.85~~]

Proposed new §228.95, [~~§228.85~~] Host Teacher Qualifications and Responsibilities, would set requirements and duties for host teachers. Subsection (a) would define the requirements to include at least 3 creditable years of teaching (Chapter 153, Subchapter CC), recognition as an accomplished teacher, which may be demonstrated by at least three years with an appraisal rating of proficient or above proficient, evidence of student growth and achievement impact, and other dispositional criteria defined by the EPP and District partnership. Host teachers would be required to be trained by the EPP at least twice annually on best practices in coaching, mentoring, and co-teaching, could not already be assigned as a field supervisor, and would be required to hold a valid certificate in the certification category of the residency assignment. New subchapter (b) would describe the duties of a host teacher to include supporting the candidate’s development in a co-teaching model that allows for gradual release to the candidate to lead instruction, providing feedback and support on key dimensions such as classroom management and assessment, and reporting the candidate’s progress during collaboration with the field supervisor at least monthly.

§228.97 [~~§228.87~~]

Proposed new §228.97, [~~§228.87~~] Mentor Qualifications and Responsibilities, would move the qualifications and responsibilities of a mentor that are currently set out in the definition of “mentor” in §228.2, Definitions, into a separate subsection for ease of reference. New §228.97(a)(5) [~~§228.87(a)(5)~~] has been revised to provide additional specification that a mentor is trained **within twelve weeks before or three weeks** after the candidate’s assignment start date.

§228.99 [~~§228.89~~]

Proposed new §228.99, [~~§228.89,~~] Site Supervisor Qualifications and Responsibilities, would move the qualifications and responsibilities of a site supervisor that are currently set out in the definition of “site supervisor” in §228.2, Definitions, into a separate subsection for ease of reference. New §228.99(a)(4) [~~§228.89(a)(4)~~] would provide additional specification that a site supervisor is trained **within twelve weeks before or three weeks** after the candidate’s practicum start date.

§228.101 [~~§228.91~~]

Proposed new §228.101, [~~§228.91,~~] Field Supervisor Qualifications and Responsibilities, would set requirements for the qualifications and duties of a field supervisor. New subsection §228.101(a)(4) [~~§228.81(a)(4)~~] would require that field supervisors of residency candidates are trained annually by the EPP in coaching, candidate evaluation, and co-teaching strategies and participate in school and district trainings deemed important by the partnership. All other qualifications would remain consistent with field supervisor qualifications for all other candidates. New subsection §228.101(b) [~~§228.81(b)~~] would include updated requirements for resident supervision in §228.101(b)(5), [~~§228.81(b)(5)~~] specifying that field supervisors must provide at least four 15-minute informal observations per semester, and per §228.101(b)(6) [~~§228.81(b)(6)~~] provide written feedback to the host teacher and campus supervisor. The field supervisor would also be required to collaborate with the host teacher bi-monthly and with the campus supervisor three times per semester through meetings or collaborative supports, which may be held virtually (§228.101(b)(9)). [~~(§228.81(b)(9))~~]

Proposed new §228.101, [~~§228.91,~~] Field Supervisor Qualifications and Responsibilities, would consolidate the qualifications and responsibilities of a field supervisor that are currently set out in the definition of “field supervisor” in §228.2, Definitions, with the requirements for field supervisors currently set out in §228.35(f), Preparation Program Coursework and/or Training into a separate subsection for clarity and ease of reference.

Revisions to field supervision in the proposed new §228.101 Field Supervisor Qualifications and Responsibilities require field supervisors to conduct informal observations of teacher candidates in clinical experiences in addition to the formal observations and additionally include provisions for supporting Late Hire candidates, and includes a responsibility to gather written mentor feedback over the course of the internship.

The language in §228.101(b)(1) [~~§228.91(b)(1)~~] was updated from TEA-approved “observation” training to TEA-approved “field supervisor” training because the rule applies to candidates pursuing Teacher certification and also candidates pursuing certification in non-teacher classes. The TEA-approved field supervisor training is different for field supervisors supporting Teacher Candidates and non-teacher candidates. **The language was further revised to require field supervisors to renew the TEA-approved training at least every three years and to hold current T-TESS certification.** The language was also updated to specify that the training provided by the EPP must be provided annually.

The language in §228.101(b)(4) [~~§228.91(b)(4)~~] was updated to clarify that all candidates completing the required clinical experience must be formally observed by a field supervisor.

The language in §228.101(b)(5) [~~§228.91(b)(5)~~] was updated to clarify that at minimum, field supervisors should provide candidates with informal coaching informed by the areas identified for improvement in the formal post-observation conference. The addition would clearly define instances in which informal feedback and coaching would be necessary and require programs to be responsive to candidate needs during the program and provide evidence of steps taken to actively respond to trends in candidate performance.

§228.103 [~~§228.93~~]

Proposed new §228.103, [~~§228.93,~~] Formal Observations for Candidates in Residency Assignments, would set requirements for formal observations of resident candidates. §228.103(a) [~~§228.93(a)~~] would require the EPP to provide the first formal observation within the first six weeks of the residency assignment and §228.103(b) [~~§228.93(b)~~] would require two in-person 45-minute formal observations per semester that include a pre- and post- observation conference with the candidate.

§228.105 [~~§228.95~~]

Proposed new §228.105, [~~§228.95,~~] Formal Observations for All Classroom Teacher Candidates for Initial Classroom Teacher Certification, would set out the requirements for formal observations that apply to all classroom teacher certification candidates regardless of their certification route for clarity and ease of reference. It would incorporate language that is currently in §228.35, Preparation Program Coursework and/or Training.

§228.107 [~~§228.97~~]

Proposed new §228.107, [~~§228.97,~~] Formal Observations for Candidates in Clinical Teaching Assignments, would set out the observation requirements that apply specifically to clinical teaching for clarity and ease of reference. It would incorporate language that is currently in §228.35, Preparation Program Coursework and/or Training. Additionally revisions to observation requirements were made in response to changes in the duration of clinical teaching in §228.67 (Clinical Teaching).

§228.109 [~~§228.99~~]

Proposed new §228.109, [~~§228.99,~~] Formal Observations for Candidates in Internship Assignments, would set out the observation requirements that apply specifically to internships for clarity and ease of reference. It would incorporate language that is currently in §228.35, Preparation Program Coursework and/or Training. Additionally, stakeholder influenced revisions were added to increase the number of formal observations conducted for candidates holding Probationary certificates from three to five.

§228.111 [~~§228.101~~]

Proposed new §228.111, [~~§228.101,~~] Formal Observations for Candidates Employed as Educational Aides, would set out the observation requirements for clarity and ease of reference that apply specifically to candidates seeking to do their clinical teaching while working as

educational aides. It would incorporate language that is currently in §228.35(k), Preparation Program Coursework and/or Training. Stakeholder informed revisions to observations requirements change the number of formal observations from three to four.

§228.113 [~~§228.103~~]

Proposed new §228.113, [~~§228.103,~~] Support and Formal Observations for Candidates Seeking Certification as Teacher of Students with Visual Impairments (TVI) Supplemental: Early Childhood-Grade 12, would set out the observation requirements that apply specifically to candidates seeking supplemental certification as a teacher of the visually impaired for clarity and ease of reference. It would incorporate language that is currently in §228.35(j), Preparation Program Coursework and/or Training. New §228.103(c)(3) [~~§228.103(c)(3)~~] would provide additional specification regarding when the pre-observation and post-observation activities would be conducted relative to the observation.

§228.115 [~~§228.105~~]

Proposed new §228.115, [~~§228.105,~~] Support and Formal Observations for Candidates Seeking the Deafblind Supplemental: Early Childhood- Grade 12 Certification, would set out the observation requirements that apply specifically to candidates seeking supplemental certification as a teacher of deafblind students.

§228.117 [~~§228.105~~]

Proposed new §228.117, [~~§228.105,~~] Support and Formal Observations for Candidates Other Than Classroom Teacher, would consolidate the requirements for EPPs supporting candidates seeking certificates other than classroom teacher during the candidates' practicums for clarity and ease of reference. It would incorporate language that is currently in §228.35(h), Preparation Program Coursework and/or Training. New §228.117(b)(3) [~~§228.105(b)(3)~~] would provide additional specification regarding when the pre-observation and post-observation activities would be conducted relative to the observation.

Subchapter G. Complaints and Investigations.

§228.121 [~~§228.111~~]

Proposed new §228.121, [~~§228.111,~~] Complaints and Investigations Procedures, incorporates language that currently exists in §228.70, Complaints and Investigations Procedures with minor changes for grammar and clarity. The proposed change to the rule regarding anonymous submissions gives TEA the flexibility to investigate a complaint that is anonymous if necessary. The proposed rule would add a new requirement in §228.121(d)(4)(D) [~~§228.111(d)(4)(D)~~] for TEA staff to provide written notice to the EPP under investigation when TEA staff closes an investigation after obtaining compliance from the EPP.

§228.123 [~~§228.113~~]

Proposed new §228.123, [~~§228.113,~~] Educator Preparation Program Responsibilities for Candidate Complaints, is language that currently exists in §228.70(b), Complaints and Investigations Procedures. It would be separated into its own subsection for clarity and ease of reference.

The citations in §228.123(c) and (d) [~~§228.113(c) and (d)~~] were updated to correct a citation error that was a result of the chapter reorganization.

Attachment I presents the draft rule text of proposed new 19 TAC Chapter 228, Requirements for Educator Preparation Programs. Attachment II and III present the proposed repeal of 19 TAC Chapter 228, Requirements for Educator Preparation Programs and Figure: 19 TAC §228.10(b)(1).

NEXT STEPS:

TEA staff anticipates the need for additional refinement and possible stakeholder engagement following the September SBEC meeting and to inform proposed rules to be presented for discussion and action at the December 2023 SBEC Meeting.

Phased implementation of applicable sections of the rules will be discussed with the Board during the September SBEC meeting.

PUBLIC AND STUDENT BENEFIT: The public benefit to the proposal would be clear and better organized rules regarding educator preparation programs. The proposed repeal and new rules do not impose a cost on persons required to comply with the rules.
