**Program Description**

Describe how the Grow Your Own program will be implemented with grant funds and how the grant will address the LEA's teacher pipeline needs.

Warren ISD will utilize grant funds to develop teachers within our own rural community. Being a remote rural community creates a large barrier to recruitment of outside candidates for teaching positions. Limited applicants for positions makes selection of high quality teachers a challenge. This makes the Grow Your Own Program a very attractive opportunity for the district to develop our own teachers from within our own community who have a vested interest in the students of Warren ISD, but who may not otherwise have the funds to seek degrees and certification.

**Qualifications and Experience for Key Personnel**

Outline the required qualifications and experience for key personnel to be involved in the implementation and delivery of the program. Include each of the following individuals (when applicable) and a description of each role: 1. The LEA's grant manager; 2. LEA leaders involved in program implementation; 3. The campus principals for participating Education and Training high schools; 4. the college/career counselors for participating Education and Training high schools; 5. Education and Training teachers; 6. Education and Training field site teachers for Instructional Practices and/or Practicum courses; 7. Any other personnel responsible for implementing the grant.

Individuals participating in the Grow Your Own Program Pathway 2 will participate in New Teacher Academy and mentoring program to help develop effective classroom skills and to provide support and sustainability in the teaching profession. Participants will also receive regular walkthrough and evaluation feedback and support. They will be help to the same evaluative standards as regular certified teaching staff in order to maintain high quality instruction in the classrooms and to meet the purpose of the program of staffing Warren schools with highly qualified teaching staff.

The plan should address how a high-quality program will be maintained, including clear action steps beginning in the first year of grant funding and a demonstrated ability to leverage and coordinate resources to increase the LEA's capacity to strengthen the local educator pipeline and make progress on sustainability. This may include the use of other local, state, and/or federal resources. Consider also how the Grow Your Own program may be integrated into, be supported by, and provide support for existing LEA or EPP initiatives and/or priorities.

During the grant funding period, LEA will work to establish an ongoing funding source from additional grant opportunities, and/or local fund sources to continue to be able to support local talent to participate in a continued Grow Your Own Program. High school students participating in the CTE teacher preparation program will be made aware of the districts commitment to grow and hire students when degree requirements are met.
