Annual 5-Year Pass Rates 2018-23: Interpretive Cautions

Caution	Data included in this file are complete as of the date and time of release. Additions or changes to this information may occur after this date.
Caution	Examinees whose data contribute to this report may not reflect the same performance as that of examinees who will take these tests in the future.
Caution	The examinees for whom results are presented in this document may not reflect the same proportion of all the types and capabilities of examinees in the population who will take the tests in the future.
Caution	Extreme caution should be used when interpreting data for small numbers of examinees.
Caution	These data were collected independently from the Title II data collection, review, and approval process and are not intended to be used for Title II reporting.
Note	Data are supplied for examinees taking the exams from 9/1/18-8/31/23.
Note	Data are provided for examinees' initial (first time) and best attempts.
Note	A passing score must be achieved at a single administration; performance on sections of exams cannot be combined across administrations.
Note	Passing rates are based upon a compensatory scoring model in which higher scores on one section of an individual exam may compensate for lower scores on another section of the exam.
Note	In order to earn an Overall Status of Passed on a Core Subjects assessment, each Subject Test must be passed by earning a Scaled Score of 240 or higher (on a scale of 100-300)
Note	The Core Subjects exams include multiple subject exams. If, upon completion of an entire Core Subjects exam, a candidate does not pass one or more of the subject exams, he or she is eligible to retake one or more subject exams on another date 30 days after taking the initial Core Subjects exam.
