

Item 12:**Consider and Take Appropriate Action on Proposed Revisions to 19 TAC Chapter 228, Requirements for Educator Preparation Programs****DISCUSSION AND ACTION**

SUMMARY: This item provides the State Board for Educator Certification (SBEC) an opportunity to discuss and propose revisions to 19 Texas Administrative Code (TAC) Chapter 228, Requirements for Educator Preparation Programs. The proposed revisions would establish requirements for intensive pre-service, for educator preparation program (EPP) name changes, and for a candidate seeking certification in two categories to have clinical teaching in both.

STATUTORY AUTHORITY: The statutory authority for 19 TAC Chapter 228 is the Texas Education Code (TEC), §§21.031; 21.041(b)(1) and (2); 21.044, as amended by Senate Bills (SBs) 7, 1839, and 1963, 85th Texas Legislature, Regular Session, 2017; 21.0442(c), as added by House Bill (HB) 3349, 85th Texas Legislature, Regular Session, 2017; 21.0443; 21.0453; 21.0454; 21.0455; 21.046(b); 21.0485; 21.0487(c); 21.0489(c), as added by SB 1839 and HB 2039, 85th Texas Legislature, Regular Session, 2017; 21.049(a); 21.0491, as added by HB 3349, 85th Texas Legislature, Regular Session, 2017; 21.050; 21.051, as amended by SB 1839, 85th Texas Legislature, Regular Session, 2017; and the Texas Occupations Code (TOC), §55.007.

TEC, §21.031, authorizes the SBEC to regulate and oversee all aspects of the certification, continuing education, and standards of conduct of public school educators, and states that in proposing rules under the TEC, Chapter 21, Subchapter B, the SBEC shall ensure that all candidates for certification or renewal of certification demonstrate the knowledge and skills necessary to improve the performance of the diverse student population of this state.

TEC, §21.041(b)(1), requires the SBEC to propose rules that provide for the regulation of educators and the general administration of the TEC, Chapter 21, Subchapter B, in a manner consistent with the TEC, Chapter 21, Subchapter B.

TEC, §21.041(b)(2), requires the SBEC to propose rules that specify the classes of educator certificates to be issued, including emergency certificates.

TEC, §21.044, as amended by SBs 7, 1839, and 1963, 85th Texas Legislature, Regular Session, 2017, requires the SBEC to propose rules establishing training requirements a person must accomplish to obtain a certificate, enter an internship, or enter an induction-year program.

TEC, §21.0442(c), as added by HB 3349, 85th Texas Legislature, Regular Session, 2017, requires the SBEC to ensure that an educator preparation program EPP requires at least 80 hours of instruction for a candidate seeking a Trade and Industrial Workforce Training certificate.

TEC, §21.0443, requires the SBEC to establish rules for the approval and renewal of EPPs.

TEC, §21.0453, states that the SBEC may propose rules as necessary to ensure that all EPPs provide the SBEC with accurate information.

TEC, §21.0454, requires the SBEC to develop a set of risk factors to assess the overall risk level of each EPP and use the set of risk factors to guide the TEA in conducting monitoring, inspections, and evaluations of EPPs.

TEC, §21.0455, requires the SBEC to propose rules necessary to establish a process for complaints to be directed against an EPP.

TEC, §21.046(b), states that the qualifications for certification as a principal must be sufficiently flexible so that an outstanding teacher may qualify by substituting approved experience and professional training for part of the educational requirements.

TEC, §21.0485, states the issuance requirements for certification to teach students with visual impairments.

TEC, §21.0487(c), states that because an effective principal is essential to school improvement, the SBEC shall ensure that each candidate for certification as a principal is of the highest caliber and that multi-level screening processes, validated comprehensive assessment programs, and flexible internships with successful mentors exist to determine whether a candidate for certification as a principal possesses the essential knowledge, skills, and leadership capabilities necessary for success.

TEC, §21.0489(c), as added by SB 1839 and HB 2039, 85th Texas Legislature, Regular Session, 2017, states the eligibility for an Early Childhood: Prekindergarten-Grade 3 certificate.

TEC, §21.049(a), authorizes the SBEC to adopt rules providing for educator certification programs as an alternative to traditional EPPs.

TEC, §21.0491, as added by HB 3349, 85th Texas Legislature, Regular Session, 2017, requires the SBEC to create a probationary and standard trade and industrial workforce training certificate.

TEC, §21.050(a), states that a person who applies for a teaching certificate for which board rules require a bachelor's degree must possess a bachelor's degree received with an academic major or interdisciplinary academic major, including reading, other than education, that is related to the curriculum as prescribed under Subchapter A, Chapter 28.

TEC, §21.050(b), states that the SBEC may not require more than 18 semester credit hours of education courses at the baccalaureate level for the granting of a teaching certificate.

TEC, §21.050(c), states that a person who receives a bachelor's degree required for a teaching certificate on the basis of higher education coursework completed while receiving an exemption from tuition and fees under the TEC, §54.363, may not be required to participate in any field experience or internship consisting of student teaching to receive a teaching certificate.

TEC, §21.051, as amended by SB 1839, 85th Texas Legislature, Regular Session, 2017, provides a requirement that before a school may employ a certification candidate as a teacher of record, the candidate must have completed at least 15 hours of field-based experience in which the candidate was actively engaged at an approved school in instructional or educational activities under supervision.

TOC, §55.007, provides that verified military service, training, and education be credited toward licensing requirements.

EFFECTIVE DATE: If approved for filing as proposed in April 2019 and if adopted, subject to State Board of Education (SBOE) review, at the July SBEC meeting, the proposed effective date of the proposed revisions to 19 TAC Chapter 228 would be October 20, 2019 (20 days after filing as adopted with the *Texas Register*). The proposed effective date is based on the SBEC and SBOE meeting schedules.

PREVIOUS BOARD ACTION: The SBEC last amended §228.2 and §228.35 effective December 20, 2018, and adopted §228.17 and last amended §228.40 effective December 27, 2016.

BACKGROUND INFORMATION AND JUSTIFICATION: The SBEC rules in 19 TAC Chapter 228, Requirements for Educator Preparation Programs, establish the requirements for EPPs. The proposed revisions would add intensive pre-service training to the types of training that EPPs can provide, including a definition for and the requirements of the intensive pre-service training, as well as the implementation date to support the option of intensive pre-service.

The proposed revisions would address a need to provide guidance in rule for instances where EPPs desire a name change following a change in ownership and would also require a candidate who has a second certification category to have clinical teaching in both certification categories. Current rules do not address these issues.

Some of the changes presented in this item correspond to amendments to 19 TAC Chapter 230, Professional Educator Preparation and Certification, and 19 TAC Chapter 227, Provisions for Educator Preparation Programs. The amendments to 19 TAC Chapter 230 are presented for action in a separate item in this agenda, and the amendments to 19 TAC Chapter 227 are presented for discussion in a separate item in this agenda.

The following is a description of the proposed revisions included in Attachment II.

§228.2. Definitions.

The proposed amendment in §228.2(7) would add the phrase, "may contain one or more certification categories," and delete the phrase, "also known as a certification field," from the definition of *certification class* to clarify that a class of certificate may contain one or more categories within a certification. For example, the certificate classes include superintendent, principal, classroom teacher, reading specialist, master teacher, school librarian, school counselor, and educational diagnostician, as specified in 19 TAC §230.33. As indicated in 19 TAC Chapter 233, certificates in the classroom teacher class have various categories such as English Language Arts and Reading; Social Studies, Special Education, and Health. This

proposed amendment would better distinguish between a class and a category since a category is a subgroup of a class.

The proposed amendment in §228.2(20) would define intensive pre-service as an educator assignment supervised through an EPP that may lead to an intern certificate and subsequently, the completion of a standard certificate. Intensive pre-service would provide a candidate the opportunity to practice content pedagogy and pedagogy skills in a classroom setting with support before serving in the role as the classroom teacher of record.

§228.17. *Change of Ownership and Name Change.*

Proposed new subsection §228.17 includes a new subsection title, *Change of Ownership and Name Change* (currently *Change of Ownership*) that encompasses the new rule that would allow EPPs to change their names when they change ownership, but not otherwise. This has surfaced as a need for EPPs in instances where programs change ownership and the new owners desire a different name. The proposed new rule would not allow a program to change its name unless it has both a recent change in ownership that has been reported to Texas Education Agency (TEA) staff within 10 days of the change, and a current accreditation status of "Accredited" or "Accredited-Not Rated" in order to preserve the integrity of the accreditation system and prevent programs from confusing the public with frequent name changes. To enforce this and ensure EPP compliance, the proposed new rule would allow for TEA staff to recommend an accreditation status of "Not Accredited-Probation" immediately when a program fails to inform TEA staff regarding its name change. Further, under 19 TAC §229.4, Determination of Accreditation Status, an EPP's accreditation can be revoked after it has been on "Not Accredited-Probation" status for one year. Current §228.17 would be proposed for repeal as a result of proposed new §228.17.

§228.33. *Intensive Pre-Service.*

Pre-service experience is important to student success, and the proposed new rule would provide a way to encourage the benefit of student teaching to alternative certification program and post-baccalaureate candidates. The proposed new rule would allow a candidate with an intern certificate or probationary certificate to move into a role as teacher of record, having passed the subject-matter only examination and successfully completing the intensive pre-service. A candidate would not need to take the content pedagogy examination for issuance of the intern certificate.

The proposed new rule would also encourage EPPs to offer this pre-service training and bring the benefit of student teaching to alternative certification programs and post-baccalaureate candidates. The proposed new rule would not mandate that EPPs offer intensive pre-service; it would be an option for programs to apply to use this route. A candidate taking this route would still be held to the same high bar of testing after issuance of their intern certificate and would be encouraged to take the performance assessment to pair practice-based preparation with a practice-based assessment. The requirement for issuance of a standard certificate would include the completion and eventual passing score on a performance assessment (as defined in Figure: 19 TAC §230.21(e)).

Proposed new §228.33(a) would establish the programmatic requirements of intensive pre-service prior to issuance of an intern certificate including:

- a consecutive four-week minimum intensive program,
- a minimum of 12 instructional days with one hour of supervised instruction per day, and
- a minimum of four face-to-face observation/feedback coaching sessions provided by a qualified coach that include observations of at least 15 minutes and coaching meetings that are a minimum of 30 minutes.

Proposed new §228.33(b) would specify the requirements a candidate coach must have in order to offer the observation and feedback sessions described in proposed new §228.33(a).

Proposed new §228.33(c) would specify the eligibility criteria for a candidate seeking the intern certificate via intensive pre-service. Proposed subsection (c)(1) would provide a cross reference to the requirements of concurrently proposed new §230.36(f) that further describes requirements for obtaining the intern certificate for intensive pre-service. Section 228.33(c)(3) would provide a cross reference to Commissioner of Education rule in §150.1002 that governs teacher appraisals and specifies the Texas Teacher Evaluation and Support System (T-TESS) Rubric and would include the dimensions of T-TESS and performance measures that a candidate would need to meet as further criteria for obtaining the intern certificate via intensive pre-service. This would apply to all certification categories except for Special Education EC-12 (candidates would be required to pass the Special Education Supplemental) and bilingual (candidates would be required to pass the Bilingual Target Language Proficiency or related language proficiency exam).

Proposed new §228.33(d) would specify the criteria by which an intensive pre-service candidate could be eligible for a probationary certificate, as indicated in concurrently proposed new §230.37(f).

Proposed new §228.33(e) would set the implementation date of the intensive pre-service training to on or after January 1, 2020.

Candidates participating in intensive pre-service route will need to meet the following assessment requirements for certification.

	Intern Certification	Probationary Certification	Standard Certification
Intensive Pre-Service	<ul style="list-style-type: none"> • Successful completion of intensive pre-service • Content certification examination (subject-matter knowledge) 	<ul style="list-style-type: none"> • Content pedagogy examination 	<ul style="list-style-type: none"> • Pedagogical Examination

Candidates not participating in intensive pre-service will need to meet the following assessment requirements for certification.

	Intern Certification	Probationary Certification	Standard Certification
Not in Intensive Pre-Service	<ul style="list-style-type: none"> Content pedagogy examination 	<ul style="list-style-type: none"> Pedagogical Examination 	

§228.35. Preparation Program Coursework and/or Training.

The proposed new §228.35(e)(2)(A)(iii) would require a candidate seeking certification in two categories to have clinical teaching in both certification categories. Under the current rule, a candidate for certification in two categories can do his or her clinical teaching in just one of the two categories, leaving no practical classroom experience in the other certification category. This allows a candidate to become fully certified in both categories without clinical teaching experience in both categories. In contrast, under the proposed language, for example, a physical education clinical teacher with science as their secondary certification category would be supervised in a physical education class for three periods per day and two periods per day in a science classroom. This would provide the candidate with supervised practice and support in their second certification category that current rule does not require. The proposed revisions also include conforming technical edits.

The proposed amendment in §228.35(e)(8)(C) would add a reference to the intern certificate rule in §230.36. The current reference only refers back to the probationary certificate.

FISCAL IMPACT: Because participation in the intensive pre-service route is voluntary and not mandatory under the proposed rules, the TEA staff has determined that there is no additional fiscal impact on state or local governments and that there are no additional costs to entities required to comply with the proposed rules.

LOCAL EMPLOYMENT IMPACT: The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code (TGC), §2001.002.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis, specified in TGC, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to TGC, §2001.0045.

TAKINGS IMPACT ASSESSMENT: The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under TGC, §2007.043.

GOVERNMENT GROWTH IMPACT: The TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed

rulemaking would be in effect, it would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not expand, limit, or repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: The proposal would result in clear guidance for EPPs on requirements for providing preparation to individuals seeking certification as an educator. The proposal would also result in clear requirements for EPPs seeking name changes to ensure public clarity of each entity's name. There is no anticipated cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: The proposal would have no new data and reporting impact.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: The TEA staff has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: The public comment period on the proposal begins May 31, 2019, and ends July 1, 2019. The SBEC will take registered oral and written comments on this item at the July 26, 2019 meeting in accordance with the SBEC board operating policies and procedures.

ASSOCIATE COMMISSIONER'S RECOMMENDATION:

Approve the proposed revisions to 19 TAC Chapter 228, Requirements for Educator Programs, to be published as proposed in the *Texas Register*.

 - (iii) If the SBEC approves the request, the EPP must submit a written report of outcomes resulting from the clinical teaching exception to the TEA by September 15 of each academic year. If the EPP does not timely submit the report, the approval is revoked.
 - (iv) If the SBEC does approve the exception or an approval is revoked, an EPP must wait at least six months from the date of the denial or revocation before submitting a new request.
- (4) Candidates participating in an internship or a clinical teaching assignment need to experience a full range of professional responsibilities that shall include the start of the school year. The start of the school year is defined as the first 15 instructional days of the school year. If these experiences cannot be provided through clinical teaching or an internship, they must be provided through field-based experiences.
