RELEVANT STATUTES

The 86th Legislative Session in 2019 passed House Bill 3, which was passed to further protect the safety and welfare of Texas students by:

- requiring schools to report certain allegations of misconduct against non-certified employees and,
- creating a registry of individuals who are not eligible for hire in a Texas public school based on misconduct or criminal history.

In Statute: Registry of persons not eligible for employment in public schools - TEC §22.092 as created by HB 3.

GLOSSARY OF TERMS

REGISTRY

- **Do Not Hire Registry** – An online list of individuals who are not eligible for employment in a Texas public school based on misconduct or criminal history.
- **Not Eligible for Hire** - An individual who is not eligible for employment in a public school and therefore may not be hired in any role.

-
- **Under Investigation**- Pursuant to TEC §22.094, this individual is currently under review by the TEA Educator Investigations Division. This notation means that an allegation of misconduct is currently being investigated by TEA, and the individual's employability status has not been determined.
 - **None Found** - The individual does not appear in the Registry of Persons not eligible for employment (Do Not Hire Registry).

INVESTIGATIONS OF CERTIFIED EDUCATORS

- **Investigation Warning** (on the Virtual Certificate)- A notation placed on an educator's certification when an allegation of misconduct is currently being investigated by TEA staff. A certificate with this notation remains valid because no formal determination has been made. The investigation Warning notation will appear on the educator online certification record with the following message: *Note: This individual is currently under review by the TEA Educator Investigations Division.*
- **Revoked** - A sanction placed on an educator's certificate which renders the certification invalid as a result of disciplinary action by the SBEC.
- **Permanently Revoked** - A sanction placed on an educator's certificate which renders the certification permanently invalid without the opportunity to reapply for a new certificate.
- **Voluntary Surrender** - An educator's voluntary relinquishment of a certificate, in lieu of disciplinary proceedings, which renders the certificate permanently invalid.
- **Suspended** - A sanction placed on an educator's certificate as a result of disciplinary action by the SBEC which renders the certification invalid for a specific period of time, or until reinstated by the board.
- **Reprimand** – A formal public censure by the State Board for Educator Certification which appears on the face of an educator's certification. A reprimand does not affect the validity of the educator's certificate.
- **Restricted** – A notation placed on an educator's certification which imposes limitations on the use of the certificate, as imposed by an SBEC order.
- **Denied** - Refers to a denial of a credential because the applicant was determined to be ineligible for certification based on non-completion of requirements, or was otherwise denied pursuant to 19 Texas Administrative Code §249.12.
- **Cancelled** – Action taken by TEA staff or the Board to invalidate a certificate that was issued in error.

-
- **Administrative Penalty** – An imposed monetary penalty by the SBEC against a superintendent, director, or principal for failure to report as required under §249.14(c). This action is pursuant to 19 Texas Administrative Code §249.15(a)(6).
 - **Misconduct Reporting Portal** – A secure method for school personnel to submit reports of educator misconduct.

TEAL ORGANIZATION APPROVER SETUP

The Texas Education Agency Login (TEAL) is a login portal for many TEA applications, including the Registry of Persons Not Eligible for Employment (Do Not Hire), and the Misconduct Reporting Portal. TEAL protects access to student records, educator records, school financial data, and other information that must be kept secure from unauthorized access.

An Organization Approver has the responsibility for reviewing and approving requests for access to Registry of Persons Not Eligible for Employment (Do Not Hire), as well as the Misconduct Reporting Portal. **Before requesting setup as an Organization Approver in TEAL, please be certain you have Legal Authority granted by your institution to approve access to this data.**

There are several levels of Organization Approver status:

Primary Approvers have the primary responsibility for approving requests for an organization. Only one Primary Approver can be designated per organization. For private schools, the Legal Authority is the Primary Organization Approver and must be listed as the Principal in the TEPSAC online directory at <http://www.tepsac.org/>. If you are not a TEPSAC approved private school, please submit a help desk ticket for further instructions: <https://helpdesk.tea.texas.gov/hc/en-us/categories/115001620168-Fingerprinting-Do-Not-Hire-Registry>

Alternate Approvers must be designated by the school's Legal Authority, and documentation verifying this designation must be submitted to TEA. The Alternate Approver is a designee that is given authority to approve requests for TEAL applications for the organization. For further details on the documentation required for the Alternate Approver, please submit a help desk ticket at the above link.

When requesting Organization Approver authority, a user must have first successfully requested and set up a TEAL account. Be aware that changing the temporary password to a permanent password and selecting the security challenge questions are only the first steps in successfully setting up a TEAL account.

SETTING UP A NEW TEAL ACCOUNT

- TEAL should be used with Google Chrome as the web browser.
- Open a web browser and go to the [TEAL login](#).
- Click **Request New User Account** (See Figure 1.0).

Figure 1.0

- The User and Access Management page appears.

The following fields are required: **First Name**, **Last Name**, **Email Address**, **Verify Email**, **Birth Month**, **Birth Day**, and **Organization Type**. If you are an educator, **Birth Year** is required as well.

Use the Tab key to move from one box to the next.

- Type your first and last name.
- Type your e-mail address. This address will receive all notification e-mails, including the user access information that you need to log in.
- Retype your e-mail address to verify that the address is correct.
- Type your birth month and day. This information is used internally to help distinguish you from other users with the same first and last name and is not used for any other purpose.
- Type your birth year.
- Select the organization type that most closely matches yours from the list. If your organization type does not appear, select **Other**. Use the following table for help in choosing your organization type:
- Depending upon your organization type, you may be asked to select your manager's name or **Employing Organization**. If you are a TEA contractor, you must supply the **Employing Organization** before you can submit the form. In this case, your request is routed to the approver for your employing organization for approval before it can be implemented by TEA.
- Type your job title.
- Type your phone number, including area code.
- Type your mailing address.
- Check the information you provided to make sure it is correct.
- Click **Submit**.

After clicking submit to create your login user name, then you are redirected to the Create Your Password Page, with your Username displayed. Follow the instructions and click **Submit**.

A page of assurances appears. You must acknowledge these assurances to continue. The same assurances will appear at login every 30 days.

-
- Read the assurances and click **I Agree** to continue. If you do not wish to agree, click **Cancel**. However, you will be unable to access TEA applications that use TEAL.
 - Next, you are prompted to select and supply the answers to three security questions.

TEAL software uses three security questions to verify your access if you forget your password or user name. Each person must select three security questions and provide the answers to those questions. The answers to these questions are confidential, and a person will not be reviewing your request when you ask for your password. Be sure to note the exact form you use to answer them, because the computer needs the exact response. For example, suppose you use the question **In what city did you meet your spouse/significant other?** and type the answer `Ft. Davis, Texas`. If, when you forget your password, you type the answer `Fort Davis, Texas`, or `Ft. Davis, TX`, the computer will not recognize that answer as correct.

To complete each security question, do the following:

Select a question from the list.

- Type the answer in the box, exactly as you mean to provide it. You must select and answer all three questions.
- Once you are logged in, you can request access to an application such as Educator Certification Online, the Do Not Hire Registry or the Misconduct Reporting Portal.

REQUESTING PRIMARY APPROVER STATUS

IMPORTANT: You must be the Superintendent or Head of School and have Legal Authority to approve access requests for your district or school. Do not request Primary Approver status if you do not have Legal Authority.

- Log into your TEAL account with your username and password.
- Once logged in, click **Edit My User Information**. (See Figure 1.1)
