

TEXAS EDUCATION AGENCY

HB3 | FULL-DAY PREKINDERGARTEN

SUMMARY

House Bill 3 requires that full-day prekindergarten be provided for all eligible four-year old students. Prekindergarten may be operated on a half-day basis for children under four years of age.

EXEMPTION CONDITIONS

Exemptions may be granted if it is determined that:

1. The local education agency (LEA) (a school district or open-enrollment charter school) would be required to construct classroom facilities in order to provide prekindergarten classes; or
2. Implementation would result in fewer eligible children being enrolled in prekindergarten.

An LEA may not receive an exemption unless the LEA has solicited and considered at a public meeting the following:

- Proposals for partnerships with public or private entities regarding offering full-day prekindergarten for eligible four-year-old students.

Additionally, before a district or open-enrollment charter school may construct, repurpose, or lease a classroom facility, or issue bonds for the construction or repurposing of a classroom facility, the district or charter school must solicit and consider proposals for partnerships with public or private community-based childcare providers who meet **one** of the following status requirements:

- Texas Rising Star program providers with a three-star certification or higher;
- nationally accredited;
- Head Start program providers;
- Texas School Ready! Participants; or
- meet the requirements under Texas Education Code Section 29.1532:
 - If a school district contracts with a private entity for the operation of the district's prekindergarten program, the program must at a minimum comply with the applicable child-care licensing standards adopted by the Department of Protective and Regulatory Services under Section 42.042, Human Resources Code.

A decision of the board of trustees or the governing body of an open-enrollment charter school regarding a partnership described above is final.

EXEMPTION OPTIONS

If the above conditions are met, LEAs may apply for a one-, two-, or three-year exemption. An exemption may not be granted for a period longer than three school years and may be renewed only once.

SUBMISSION INSTRUCTIONS

Exemptions will be available in January 2020. More information will be forthcoming.
