<b>SUBJECT:</b>	<b>Principal and Teacher Surveys to Evaluate Texas Educator Preparation Programs</b>
<b>CATEGORY:</b>	<b>Accountability System for Educator Preparation Programs</b>
<b>NEXT STEPS:</b>	<b>Principals of first-year teachers and all first-year teachers complete surveys</b>

The Texas Education Agency (TEA) will be collecting data regarding the performance of first-year teachers to help assess the effectiveness of educator preparation programs (EPPs) in preparing first-year teachers to succeed in the classroom.

Current State Board for Educator Certification (SBEC) rules require each principal who has first-year teachers on his or her campus to complete a survey about the preparation of those first-year teachers. Additionally, SBEC rules require all teachers to complete a survey about their preparation at the end of the first year of teaching on a standard teaching certificate. The information provided will assist in improving the preparation of teacher candidates through EPPs.

Prior to the distribution of the surveys, principals and teachers will have access to training modules posted on the TEA website about the surveys. Additional information regarding the survey will be emailed to human resources personnel and principals using email addresses in the Texas Education Directory (AskTED). Please confirm with your TED administrator that your district and campus TED contact information has been updated.

Teachers will receive a link to the Teacher Survey via email sent to the email address listed on the Educator Certification Online System (ECOS). Please remind all early career teachers to update their email address in their ECOS accounts.
