

SPP 11 and SPP 12 Clarification Process – Verify Correction

After the State Performance Plan (SPP) Application close date each year, the Texas Education Agency (TEA) offers local education agencies (LEAs) the opportunity to submit updated data for Compliance Indicators 11, 12, and 13. This clarification period allows LEAs to correct data entry errors and/or to document correction of any potential noncompliance found in the State’s database for these Indicators using the 2-prong criteria of [OSEP Memo 09-02](#) prior to the state issuing a finding of noncompliance. TEA returns SPP applications for all LEAs reporting less than 100%. LEAs are not required to participate in the clarification process and may choose one of three options: do nothing, verify noncompliance, or verify correction. An overview of the clarification process is located on the [State Performance Plan Indicator](#) webpage.

Process for Verify Correction

LEAs who choose to verify correction should use the following instructions to update and **recertify data by the close of the clarification period**. The LEA Certifier receives an email notifying the LEA that the SPP application has been placed in “TEA Returned” status for clarifications. LEAs must maintain clarification documentation at the district level that may be subject to further review by the TEA.
