<b>SUBJECT:</b>	<b>2023–2024 Public Education Grant (PEG) List Available</b>
<b>CATEGORY:</b>	<b>Notice</b>
<b>NEXT STEPS:</b>	<b>Share with appropriate administrators and staff</b>

The purpose of this communication is to provide information about 2023–2024 Public Education Grant (PEG) List.

A list of campuses identified under the PEG program, authorized under Texas Education Code (TEC), Chapter 29, Subchapter G, §§29.201–29.205, and a description of the methodology used to identify the campuses on the list are available in the [Public Education Grant FAQ](#). Campuses that received an overall scaled score less than 60 are on the PEG List.

Under the PEG interdistrict transfer provision, a parent of a student enrolled in any of the campuses listed may apply to transfer to a campus in another school district for the 2023–2024 school year. A school district chosen by a student’s parent under this statute is entitled to accept or reject the application to transfer but may not use criteria that discriminate on the basis of a student’s race, ethnicity, academic achievement, athletic abilities, language proficiency, sex, or socioeconomic status. Alternatively, a district may accept interdistrict transfers under TEC, §25.036.

Under the PEG intradistrict transfer provision, a parent of a student enrolled in any of the campuses listed may apply to transfer to another campus in the same school district.

Notification of eligibility must be provided by February 1, 2023, to parents of students currently assigned to attend a campus on the attached 2023–2024 PEG List. Statute also stipulates that the notice must contain an explanation of the PEG program and how the parent may obtain further information about pursuing a transfer. An FAQ webpage is available to assist districts with this explanation and to guide parents through the transfer process. A link to the FAQs, PEG methodology, and the list of PEG-identified campuses, can be found on the [PEG](#) webpage.

Requirements of the PEG program are summarized below.

Requirement	Explanation
Effective Date of PEG Transfers	2023–2024 school year
Parent Notification Deadline	February 1, 2023
Allotment	For interdistrict transfers, the district educating the child receives an additional weight of 0.1; limited to net students educated on PEG.
Interdistrict Transfers (across districts)	Additional funding is allotted for this type of transfer. These requests may be refused or accepted by the district receiving the transfer request.
Intradistrict Transfers (within district)	No additional funding is allotted for this type of transfer. These requests may be refused or accepted by the district.
Continued Student Eligibility for Interdistrict Transfer	<p>Student eligibility for PEG transfers is based on assignment to attend a PEG campus in the district of residence. Student eligibility expires upon either one of the following two conditions:</p> <ul style="list-style-type: none"> <li>• Completion of all grades served by the campus upon which eligibility was originally based</li> <li>• Assignment of the student to a campus that is not on the PEG List as a result of redrawn attendance boundaries or student movement into a different attendance area</li> </ul> <p>A receiving district is permitted to continue to treat a student as PEG eligible (and draw the PEG funding weight) after expiration of eligibility only if the student has not yet completed all grades on the campus to which the student transferred during the eligibility period.</p>
Campus Identification Criteria	Campuses that received an overall scaled score less than 60 are on the PEG List.
Transfer Restriction	A student may only transfer from a PEG campus to a non-PEG campus.
Tuition Prohibition	Tuition may not be charged to the student’s parent/ guardian or to the school district of residence.
Transportation	The school district in which the student resides is not required to provide transportation free of charge from the PEG-listed campus to the new campus. The district is only responsible for providing the transportation it would otherwise provide (as if the student did not transfer).

The district providing educational services to the student will report attendance as it would for any other student. Districts may use the State Aid Template worksheet used to calculate state aid to determine PEG funding, which receives an additional weight of 0.1. The worksheet is available at [http://tea.texas.gov/Finance\\_and\\_Grants/State\\_Funding/Foundation\\_School\\_Program/Foundation\\_School\\_Program/](http://tea.texas.gov/Finance_and_Grants/State_Funding/Foundation_School_Program/Foundation_School_Program/).

There are no special accounting requirements or limitations on the use of PEG-related funds. Keep in mind that a district is eligible to receive PEG-weighted funding only to the extent that the number of students accepted on the basis of a PEG exceeds the number of resident students who are educated in other districts on a PEG.
