

DATE:	March 7, 2024
SUBJECT:	Proclamation 2024 Final Reports, Texas Resource Review Science Reports, and IMRA Reviewer Information Sessions
CATEGORY:	Instructional Materials
NEXT STEPS:	Share with applicable teachers and curriculum staff

Proclamation 2024 Update

The State Board of Education (SBOE) adopted instructional materials for *Proclamation 2024* at the November meeting. The following reports are available in the *Proclamation 2024* section of the [Proclamations](#) webpage:

- [Proclamation 2024 List of Materials Adopted by SBOE](#)
- [Proclamation 2024 TEKS Not Addressed](#)
- [Proclamation 2024 Comprehensive Report of Editorial Changes \(Publishers A–L\)](#)
- [Proclamation 2024 Comprehensive Report of Editorial Changes \(Publishers M–T\)](#)
- [Proclamation 2024 Report of New Content \(Comprehensive\)](#)
- [Proclamation 2024 Final Report of Required Corrections](#)

The changes or corrections on the last four reports must be made by the publishers in the final versions of instructional materials provided to schools as a condition of adoption by the SBOE.

Texas Resource Review Science Reports

The science quality reviews conducted through the Texas Resource Review (TRR) are complete, and the final reports are available on the [TRR website](#). Quality reviews began in April 2023 with over 200 Texas science educators from across the state serving as reviewers. The final reports include:

- [Science Grades K–8](#)
- [Biology](#)
- [Chemistry](#)
- [Physics](#)

Instructional Materials Review and Approval (IMRA) Reviewer Information Sessions

Learn more about IMRA, the review cycle, and the available roles through an information session. [Fill out a registration form](#) to join a meeting on one of these dates:

- March 6
- March 20
- April 3
- April 17
- May 1

Contact Information

Please visit the [Texas Resource Review webpage](#) or submit an [Instructional Materials Help Desk ticket](#) with any questions related to the TRR.
