§66.75. Updates to Adopted Instructional Materials.

- (a) A publisher may submit a request to the commissioner of education for approval to substitute an updated edition of state-adopted instructional materials. A publisher requesting approval of a new edition shall provide the request in writing in a manner designated by the commissioner of education that includes an explanation of the reason for the update. The request must be accompanied by an electronic sample and a correlation document that meets all the requirements of the correlation document provided for the initial review. This requirement includes electronic instructional materials and Internet products for which all users receive the same updates. Proposed changes shall be posted on the Texas Education Agency (TEA) website for a minimum of seven calendar days prior to approval.
- (b) Requests for approval of the updated edition shall provide that there will be no additional cost to the state.
- (c) Publishers submitting requests for approval of content updates must certify in writing that the new material meets the applicable essential knowledge and skills and is free from factual errors.
- (d) With prior commissioner approval, publishers ~~[Publishers]~~ may, at any time, make changes that do not affect the product's Texas essential knowledge and skills coverage or its coverage of Texas Education Code, §28.002(h), as it relates to that specific subject and grade level or course(s), understanding the importance of patriotism and functioning productively in a free enterprise society with appreciation for the basic democratic values of our state and national heritage. Requests for approval of updates to content that was not used in determining the product's eligibility for adoption must be submitted to the commissioner of education to confirm the changes do not affect Texas essential knowledge and skills coverage or coverage of TEC, §28.002(h). Responses from the commissioner of education to update requests shall be provided within 30 days after receipt of the request. If no action has been taken by the end of the 30 days, the request is deemed approved. - (g) A publisher of instructional materials may provide alternative formats for use by school districts if:
- (1) the content is identical to SBOE-approved content;
 - (2) the alternative formats include the identical revisions and updates as the original product; and

- (3) the cost to the state and school is equal to or less than the cost of the original product.
- (h) Alternative formats may be developed and introduced at a time when the subject or grade level is not scheduled in the cycle to be considered for at least two years, in conformance with the procedures for adoption of other state-adopted materials.
