Birthday girl helps support the troops

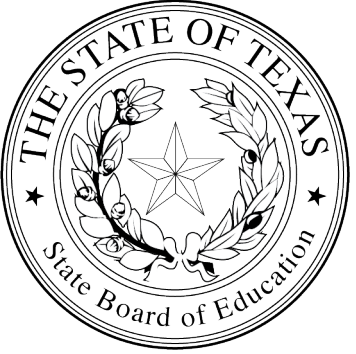

Hernandez Elementary 2nd grader Natalie Veech is a generous young woman. On her birthday she asked that - instead of gifts for herself - party guests bring items to be donated to the military personnel deployed overseas. The collection box will be in the Hernandez front office until April 15, should others want to donate. Veterans Initiative Intern for Texas State University Santiago Luna plans to present Natalie with a certificate of appreciation "for her outstanding support of our donation drive efforts for our brave service men and women."
