NAEP 2024 Program Overview

The Future of NAEP

Latest NAEP Results

International Assessments

# What is NAEP?

The only assessment that measures what U.S. students know and can do in various subjects across the nation, states, and in some cases, urban districts.

NAEP results are released as “The Nation’s Report Card”

[www.nationsreportcard.gov](http://www.nationsreportcard.gov)

# The Nation’s Report Card

---

National Assessment of Educational Progress

# NAEP includes a range of subjects at grades 4, 8, and 12

Civics

Economics

Geography

U.S. History

Mathematics

Music

Reading

Science

Technology &  
Engineering Literacy

Visual Arts

Writing

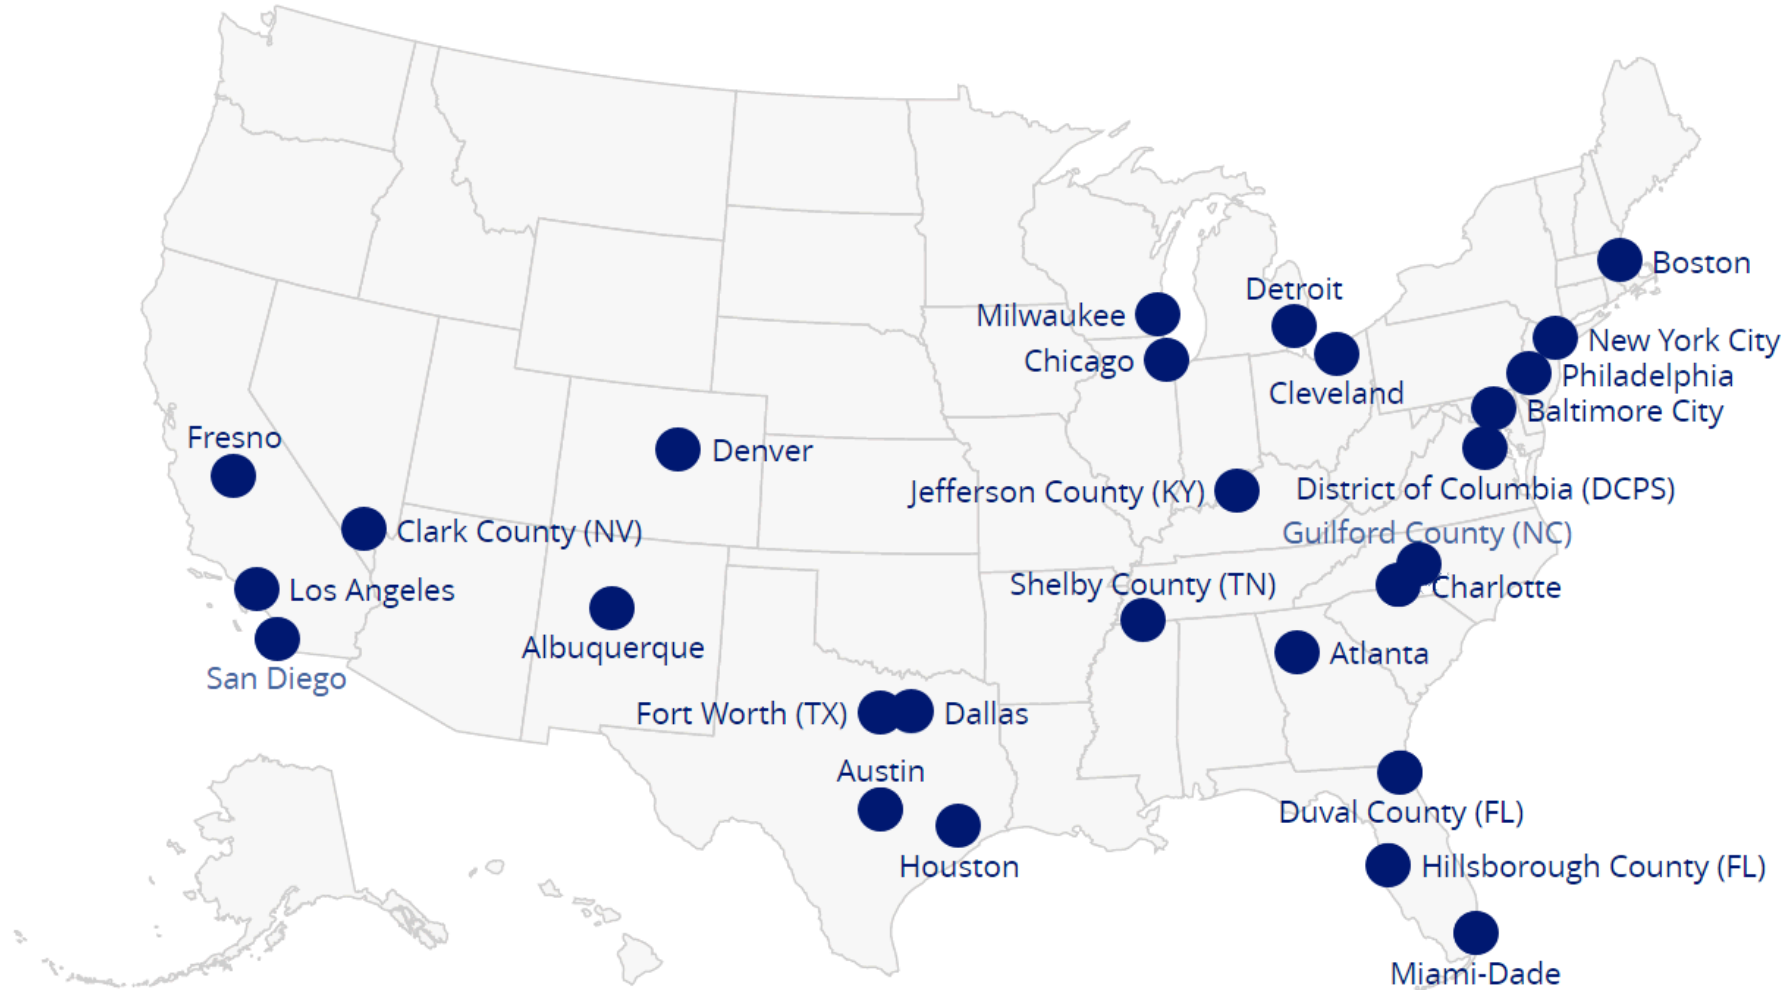

Most subjects return national results only. State level results are available for reading and mathematics at grades 4 & 8.

# Who participates?

NAEP produces **jurisdiction-level** results for...

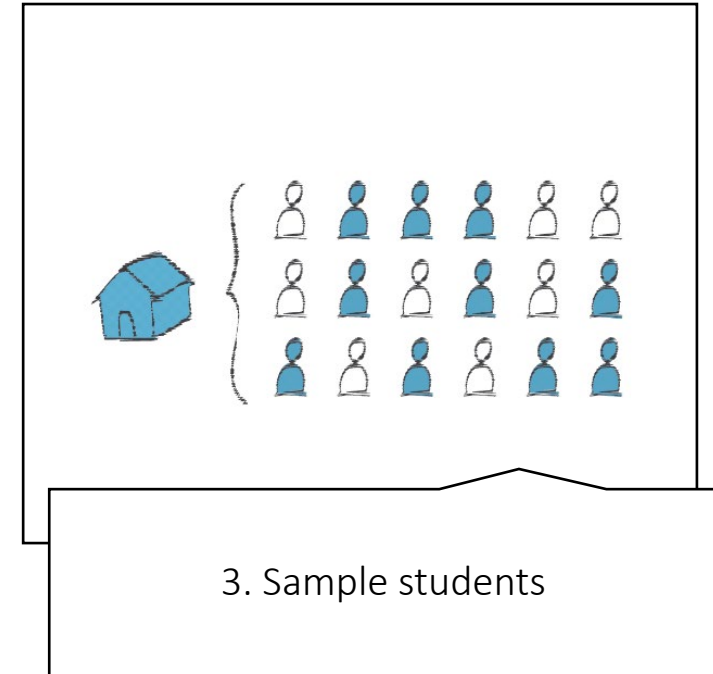

- All 50 states
- Department of Defense Education Activity
- District of Columbia
- 26 urban districts - Trial Urban District Assessment (TUDA)

# Texas has four districts in the TUDA program

# How are schools and students selected?

# NAEP Administration

January to March

Administered as a digitally based assessment on tablets

Each student assessed in one subject

Students take a small portion of the item pool

Accommodations provided as necessary for

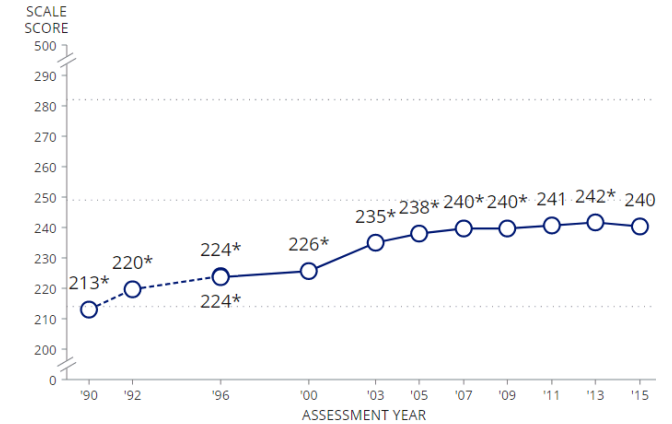

- Students with disabilities
- English learners

# How are NAEP results reported?

## Scale Scores

- 0 – 500 on mathematics and reading assessments
- Cannot be compared across grade levels or content areas

## Achievement Levels

- Below NAEP Basic
- NAEP Basic
- NAEP Proficient
- NAEP Advanced

# NAEP 2024 Program

# NAEP 2024 Overview

## Operational Assessments (Results released)

- National Assessments
  - Grade 8 Science
  - Grade 12 Mathematics and Reading
    - High School Transcript Study (HSTS)
- National, State, and TUDA Assessments
  - Grades 4 and 8 Mathematics and Reading
    - National Indian Education Study (NIES)
  - Grades 4 and 8 Puerto Rico Mathematics

## Pilot Assessments (No results released)

- National Assessments
  - Grades 4 and 8 Mathematics and Reading
  - Grades 4 and 8 Puerto Rico Mathematics

# Special Study - High School Transcript Study (HSTS)

The sample includes all high schools selected for NAEP 2024

Transcripts collected for Grade 12 graduates selected for the mathematics assessment

15 students per school (approximately 22,500 students)

# School-Based Equipment Proof-of- Concept (SBE POC) Study

The purpose of the 2024 SBE POC is to evaluate the Next-gen systems and logistical administration process to deliver digital-based assessments on school devices using the school-provided internet

Based on the findings of the SBE POC, systems and processes will be refined for the 2025 SBE Field Test

A photograph of several students walking on a staircase in a school hallway. The students are dressed in casual attire, including t-shirts, sweaters, and jeans. Some are carrying backpacks. The scene is brightly lit, suggesting a modern school environment. A blue semi-transparent banner is overlaid on the left side of the image, containing the title text.

# New NAEP Assessment Management System

- Clean design pulls everything related to a sampled school into one place
- Role-based access control ensures people only see things they're supposed to see.
- To Do List clearly indicates school coordinators must do
- Reduce school burden by reducing number of screens and clicks and streamlining process
- Support “bulk actions” so an accommodation like extended time can quickly be applied to multiple students
- **Districts have greater access to support schools**
- Goal is to have a common system for all NCES assessments NAEP, PISA, PIRLS

# Friendly user interface

TEAS ASSESSMENT

Supporting Academic Achievement

## 2024 begins a transition to new administration model

- NAEP is planning to move to school-based equipment in the future
- All NAEP devices online using school internet
- Reduced field staff contact model
- Leveraging Next-gen eNAEP technology to streamline field staff role and provide more in-system support for students
- Instead of multiple login screens, there will be one screen to launch the application to all student devices
- Troubleshooting technical issues will be diagnostic data provided by the system
- Other improvements to minimize burden on field staff

# Future Innovations for NAEP

# School Communication and Planning

- Key points of contact include district superintendent, school/district technology coordinator, DTC, principal, and NAEP school coordinator
- Technical requirements and assessment support expectations need to be communicated clearly to ensure schools meet minimal specifications
- Preassessment technical readiness checks are needed to verify school networks meet minimum requirements
- Schools may be resistant to connect NAEP-owned devices to school networks.

Mathematics Results  
National Overview

Science Study

# Comparison of International Assessments

	TIMSS	ICILS	PISA	TALIS
<b>Grade or Age</b>	Grades 4 & 8	Grade 8	15-year-olds	Teachers of grades 7, 8 & 9, as well as their principals
<b>Subjects or Content</b>	Math & Science	Computer & Information Literacy; Computational Thinking	Math, Reading & Science Literacy	Teachers, teaching & learning environments
<b>Typical U.S. Assessment Window</b>	March - June	March - May	October - November	March - May
<b>Frequency</b>	Every 4 years	Every 5 years	Every 3 years	Every 6 years

# Program for International Student Assessment (PISA) 2025 Field Test

**Subjects:** mathematics, reading, science, and a new assessment called, “learning in a digital world”

**Students:** up to 52 15-year-old students in each school

**Components:** student assessment, student questionnaire, and online school questionnaire

**Session timing:** approximately 4 hours, including instructions, breaks, and a questionnaire

**Assessment window:** Spring 2025

More information: <https://nces.ed.gov/surveys/pisa/>

# Teaching and Learning International Survey (TALIS) 2024

## Main Study

**Survey respondents:** school principal and a random sample of up to 35 eligible teachers per school (teachers of students in grades 7, 8, and 9)

**Survey content:** questions about respondents' backgrounds, work environments, professional development, beliefs and attitudes about teaching, and pedagogical knowledge

**Survey timing:** approximately 45-60 minutes

**Assessment window:** March-April 2024

More information: <https://nces.ed.gov/surveys/talis/>
